14. As I type, French military bandits are talking on top of my laptop's audio, hitting its hard disk, flickering the ceiling light, talking on top of the TV set's audio, etc.; it is taking place at the address indicated above as Present Address.

They kicked on/off the refrigerator's engine as I read Article 16 (*Restrictions on political activities of aliens*). The gangsters actually did go as far as sending after me two Estonian Border Policemen the morning of November 4, 2013, before a meeting with Estonia's Deputy Chief State Prosecutor to present the complaint (photos available, registration plate number 276 EPV, one of the officers hinted at deportation under French instructions). Furthermore, following orders from Israeli - Cuban individuals (possibly indirectly) involved in the assassination of Olof Palme, two Estonian border policemen had previously been dispatched, when a "couple" denounced me for begging for money to eat on streets, in reality to cover up local involvement in the Oslo bombings/ Island shootings (Swedish - Estonian - etc., see email sent to nvd@bioeco.ciges.inf.cu on pages 13 to 15 of annex I). Of various nationalities and citizenships, men and women appear to be involved (with EMC Co) in efforts to start a large-scale armed conflict; examples:

1.) While I was working with my laptop at Tallinn's Horse Mill Hotel cafeteria, the - sometimes - imposed - by - the - hotel – administration - staff BBC news TV program showed real-time broadcast of UK royal wedding, which was used to brutally attack my brain with satellite nuclear weapons (*radiation impulses that caused severe pain*); on Rue Lourmel, Paris (~2008) a look-alike of late Princess Diana had participated in a paramilitary operation (videos available). These "international activists", taken as a whole, might be linked to Sarkozy through Neuilly Sur Seine high technology operation (2003) in connection with the 2006 Israel / Hezbollah war and therefore, with the 2000 assassination of Elvira Cortez in Colombia; *see latest.php and “Company”, for ongoing activism in Warsaw, in any of the following sites:*

www.cosmictroops.com
www.biosatellites.com
www.artimeconsulting.com

2.) The embassy of Latvia in Brussels asked me in 2010 to talk to their NATO representatives because "*they decide those sorts of things anyways*". In the premises of the embassy "company people" seemed eager for the beginning of a military confrontation; Latvian tourists at the Brussels hotel "Viktoria" were also involved. The meeting at the NATO HQ took place, it was brief and filmed, for my behavior was later imitated by "civilians" on streets in several countries. The crash of the Polish President's plane might have been suggested by Polish activist in Brussels, who drove me to the military compound (*photos available*),

Note; Tallinn lawyer who used illegal satellite technology to scan my brain this past summer participated in covert military operation involving the 2010 NATO meeting – EMC Co – foreign intervention in Cuba, possibly through the Cuban American National Foundation. I recorded the conversation, the file (AUD0109.amr) may be downloaded from:

www.cosmictroops.com/pdfs/FILES1.zip
www.biosatellites.com/pdfs/FILES1.zip
www.artimeconsulting.com/pdfs/FILES1.zip

3.) During the NATO invasion of Libya, uniformed Estonian policemen and uniformed Estonian military personnel took part in severe satellite nuclear attacks on my brain and internal organs; French military agents came expressly to Tallinn to harass me. Vladimir Putin and Medvedev were both obviously giving direct orders to torture, I can describe several instances. Limb joints were cramped (*right now the bandits just flickered the ceiling light*), very-high frequency buzzing of the ears designed to prevent sleep 24 hours a day (*for months*), savage hits on brain, acute tampering with my laptop as I tried to develop software for my company's website, real-time interference of phone calls and emails to US/ European attorneys, who, in some cases, showed good will / understanding (*). Available photograph of Russian-speaking well-to-do Tallinn activist who made mocking and inane comments such as: "*You have proven your strength to resist a military intervention*".

Muammar Gaddafi's press officer had hinted at upcoming killings in Syria before climbing into a civilian aircraft (video was posted on the Internet).

Policemen from the station on Rue de Vaugirard (Paris, 15th arrondissement) are implicated in several mass murders in Syria, concrete information available.

*** A Skype phone call might have been re-directed to Hillary Clinton, brief conversation.**

4.) At the time of the European Court of Human Rights deliberation of petition number 38967/09, a Cuban - French team appeared to be involved in a mass killing in Belgium ("railway accident"), photos, concrete names and addresses available.

"Arabs" that might have been aware of the impending "Arab Spring" (photos available) and one of three women working at the European Parliament in whose apartments I slept (*BBC used one of the apartments during closed-circuit real-time operation possibly connected with the 2010 uprising in Kyrgyzstan*) were involved in political activism.

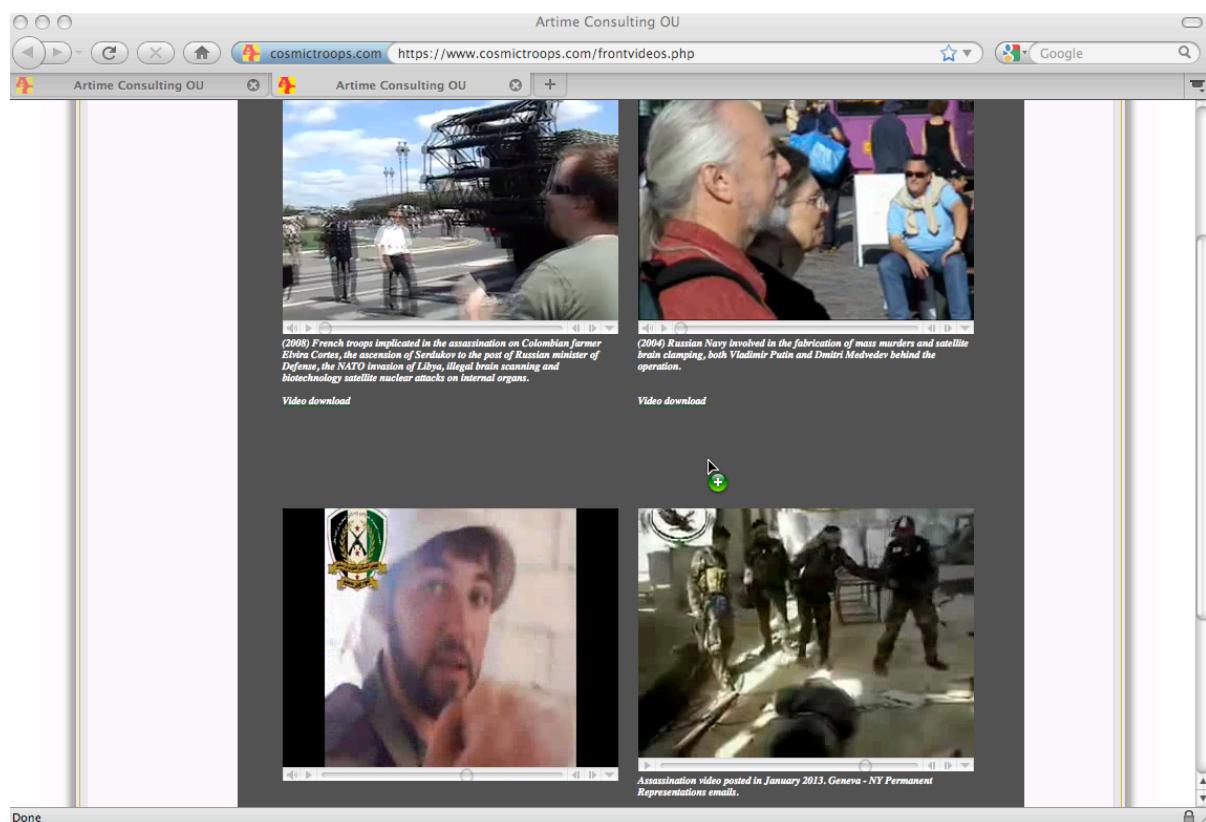

On November 8, 2013, before i had obtained the official answer, right-wing activists in Tallinn who had been leaked information from the Estonian State Prosecutor's Office's, walked by suggesting: "You shall get no help from the State Prosecutor", "We will increase pressure on you", etc., some were French-speaking Jews. Below image was taken on location at 22:53 hours and shows military bandits engaged in severe satellite attacks on brain:

5.) Depending on the circumstances, individuals involved in at least two assassinations in Syria have claimed being:

- a. agents of the Estonian State Security
- b. military intelligence/ counterintelligence agents
- c. recruiting agents for the criminal brigade of the “Estonian” police
- d. agents guarding the UK embassy in Tallinn
- e. foreign agents (French- Russian)
- f. SEB loan customers
- g. EMC Co agents
- h. CIA agents
- i. US Secret Service agents

I can provide concrete details to dig out the truth, which might help also to establish the identity of at least one of the paramilitary individuals caught on video in the selective assassinations in Syria shown on the main page of my company's site (lower two images):

A recorded conversation inside a moving car with them (*uniformed Estonian policewoman, who cut us off on the highway, took part in this provocation*) may be downloaded from:

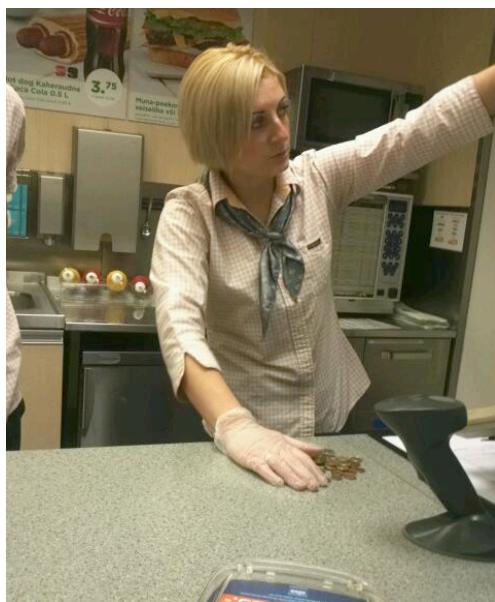

www.cosmictroops.com/videosandaudio/audio117.amr.zip
www.biosatellites.com/videosandaudio/audio117.amr.zip
www.artimeconsulting.com/videosandaudio/audio117.amr.zip

6.) Spanish attorney Inmaculada Castro Quiles recommended me contacting the law office of former Judge Baltazar Garzon, who now works for his International Legal Office for Development and Cooperation, which centers its activities on cases related to International Criminal Law and collective inequities. Among the emails I sent them, below message exemplifies the involvement of STATOIL employees in international terrorism. The woman in attached image was counting a stack of five Euros bills when I came in to pay, her behavior was obviously provocative, perhaps hinting at the mass killing shown above/ on the main page of mentioned websites.

7.) Many other violations, refer to attached materials.

**III. Exposé de la ou des violation(s) de la Convention et/ou des Protocoles allégué(e)s, ainsi que des arguments à l'appui
Statement of alleged violation(s) of the Convention and/or
Protocols and of relevant arguments**

(Voir § 19 (c) de la notice)
(See § 19 (c) of the Notes)

15. Convention violations:

Article 2 (Right to life): At least two assassination attempts in Paris by military agents between 2003 and 2009. Left side of my body appeared to have been weakened through nonstop satellite torture. Repeated internal bleedings (*once profuse*) and serious infections caused by the French Police/ French military (*photos and videos available*). An Estonian journalist involved in military sabotage recently wrote to me: ~“Sir, I suggest you consult your physician.”

Article 3 (Prohibition of torture): Even as I type now gangsters are hitting my right eardrum, talking on my laptop, etc. See attached material.

Article 4 (Prohibition of slavery and forced labour): Estonian taxes are also systematically used by US right-wing groups to violate the rights of blacks, Latinos and other minorities in the US; see attached material. Another well-coordinated (*and centralized*) example was caught on camera this summer at Chopin Airport in Warsaw.

Article 5 (Right to liberty and security): Obvious violations, Russian-speaking right-wing activists in Tallinn have explicitly threatened with “punishment” by means of satellite “clamping” of the brain.

Such indiscriminate high-technology unlawful impudence is likely to increase in the future and might result in a ethnic conflict across the Baltic. Military agents in Krakow, possibly connected with the Russian Permanent Representation at the United Nations in New York, and informed on ongoing events of the Syrian civil war, hinted at threats of ethnic cleansing made by a Syrian Colonel in the Summer of 2013

(“Banyas”, photos available, US Secret Service might have been aware of related substantial financial scam), during operation that could have been the continuation of international manipulations of the 2000 US presidential elections. Two Spanish-speaking youngsters in central Krakow had walked past me previously commenting: “I have waited for a long time!”, referring to one of the corpses bestrewn along the Queiq river (see “youtube.php” page of any of above-indicated sites).

Article 8 (Right to respect for private and family life): See attached material and previously submitted information. (**Attacks on brain as I type, which cause twitching of left shoulder, continue.**)

Article 9 (Freedom of thought, conscience and religion): The United States military has taken part in systematic torture on US territory and in Europe. As a Cuban citizen, not even for money, financing or material benefits, I would want to be part of US military occupation/ colonization, nor would I support, as US citizen, joint European - American segregationist military projects (*encompassing embezzlement and mass murders*). Declassifying data on current subversive international activities of this kind I consider a moral duty.

Article 10 (Freedom of expression)

Article 13 (Right to effective remedy): See attached documents.

Article 14 (Prohibition of discrimination)

Article 17 (Prohibition of abuse of rights)

Protocol violations:

1. Protection of property: The Estonian Work Permit did not protect my rights as a worker in Estonia, nor the rights of my company. The Estonian Police even evinced their participation in sabotage of communications (emails, web servers) and their involvement in high-tech interference with Swedbank (for example) online banking, the name of one of the latter group is Irina Tedder.

2. Right to education: University of South Florida, Cornell

University, Massachusetts Institute of Technology and Dresden Technical University used for military operations that involved several mass murders and nonstop torture; see attached material. Virginie Eleine Ruiz availed herself of both Dresden Technical University and La Sorbonne (Department of Literature) for large-scale military operations financed by the extreme-right, with serious current political and military implications.

IV. Exposé relatif aux prescriptions de l'article 35 § 1 de la Convention¹
Statement relative to article 35 § 1 of the Convention

(Voir § 19 (d) de la notice. Donner pour chaque grief, et au besoin sur une feuille séparée, les renseignements demandés sous les points 16 à 18 ci-après)
(See § 19 (d) of the Notes. If necessary, give the details mentioned below under points 16 to 18 on a separate sheet for each separate complaint)

Estonian policemen have been implicated in several brutal murders in Syria. I might have information useful for the possible prosecution of embassy personnel (in Tallinn) of two countries but there are no instances to which to have recourse. For example: one of the Estonian activists involved in the unearthing of the bodies of several murdered Syrian policemen in a small Syrian town was also implicated in the statement made by French policemen through local thugs regarding the death of Mr. King (*see attached material*), and had been “accidentally” met for the first time next to the Forum Hotel, which houses the consulate of Monaco in Tallinn (*she suggested being a (Jewish) counter-intelligence agent*). It is not possible to verify independently the authenticity of Internet videos showing the atrocities in question.

I recall that I was received on June 22, 2003 by a French anti-terrorism judge named Gilbert Thiel in his office at the Palace of Justice. The meeting had been organized by the friend of a Paris attorney (Francois Chouraqui) and appeared to be part of Jewish self-defense architecture, which also involved the crash of an Air France Concorde aircraft against a hotel building on the outskirts of Paris in the summer of the year 2000 (*recently adduced to by a Tallinn law firm*). Policemen from Paris, Brussels, Tallinn and Riga were asked repeatedly to intervene to stop the perpetrators of acts of international terrorism (assassinations and mass murders) and nonstop torture; despite existing evidence they never wanted to get involved; in some cases policemen participated in such operations, which seemed to be run real-time from Paris.

The International Criminal Court in The Hague and several United Nations Permanent Representations in Geneva were requested by telephone and email to intercede; efforts by Tallinn military activists (apparently Zionists) to discredit the

UN had taken place. The Estonian State Prosecutor chose not to understand/ not to reply to concrete evidence of French international terrorism linked to the Hezbollah – Israel regional conflict, which included a photo of French -speaking individuals walking on Pikk Street past my car, which had been bought through www.auto24.ee from Zionist activists, apparently organized by the CIA (“Syriana”) through Dmitry Medvedev’s NATO-supported Russian “National Projects” (NATO bombing of the Chinese embassy in Belgrade in 1999, etc., see image at the bottom of this section). Below email was never referred to by either Estonian policemen or the Office of the Prosecutor:

Please pay attention to the following information; i know who some of the hackers are. I will leave Estonia shortly for working reasons; as the attorney mentioned, you have ten days to produce a decision.

Today i was again threatened by an extreme-right thug, in the name of French policemen from the 10th arrondissement of Paris and local gangsters. Prominent (USA/other) (lawyers /Civil Rights activists) have been contacted regarding such outrageous state roofing to international thieves and terrorists.

Should you need to get in touch with me, please use (any of my mobile telephone numbers) and (several email addresses).

Tomorrow i will bring you the documents.

Thank you.

Uniformed Estonian policemen and (possible) CIA bandits in Tallinn took part in the following hacking of my company server; a man who claimed to be from Maryland, USA and identified himself with former CIA director/ Defence Secretary Leon Panetta involved. “Josephine Foster” email account does not exist in “cosmicstroops.com”; the hosting company's answer as to how the break-in was accomplished:

Thank you for listening to my arguments this morning.

Next, you both will receive from "artime@cosmictroops.com" a series of emails sent to/ written from the Office of the Prosecutor.

As I said, literally hundreds of pages documenting international crimes (terrorism, assassinations, mass murders, huge financial thefts, and so on), some implicating Estonian policemen and military personnel, are available and at your disposal.

It has been extreme difficult to work throughout two years of nonstop sabotage, thefts, torture, obstruction of communications, illegal wiretapping/ bugging of electronic equipment and biotechnology attacks on brain and internal organs.

Contracts with Estonian and foreign companies (printing, points of sale and distributors) have already been signed.

Attorneys in several countries and embassies/ United Nations Permanent Representations have and will probably get involved, should this situation be taken to an international court.

Agents of a private security company (USS) hampered access to the Estonian State Prosecutor's Office; uniformed Estonian policemen also took part (see attached material). Communications sabotaged nonstop, mobile telephones and laptop systematically shut down: *this is an internationally established tactic for gaining time, wearing down witnesses and exhausting their resources.*

Several Tallinn lawyers partake in right-wing military schemes, for example, the entire building evacuated during a fire drill while I was talking to the attorney, who authoritatively told me: “*You also have to leave*”. Overseas Human Rights attorneys or lawyers with previous experience before the ECHR never responded to my emails (perhaps did not receive them); there might have been one exception (see attached information). The United States Supreme Court and the American Civil Liberties Union obtained descriptions of described Human Rights violations and other crimes pertaining to their competence and dealing with the killings of United States citizens on US territory.

Your applications and the attached materials that were received on 13.09.2013 and on 18.10.2013 in the Northern District Prosecutor's Office were examined with a great attention. In connection therewith we are notifying, that the data the forwarded materials comprise, does not enable, in the Republic of Estonia, to decide the issue concerning the commencement of or refusal to commence criminal proceedings.

None to my present knowledge

V. Exposé de l'objet de la requête Statement of the object of the application

(Voir § 19 (e) de la notice)
(See § 19 (e) of the Notes)

19. 1. Promote the punishment of agents of the state and private security companies implicated in assassinations, mass murders and nonstop torture. With its verdict, the court would send a clear message of non-tolerance towards hi-technology violations of Human Rights by individuals who often are not subject to any form of public enquiry or liable for the breeching of international agreements among states, and who might end up in powerful political/ financial/ military positions.

2. Order compensation for my injuries, stolen property, pirated work and time wasted due to entrapments by military agents (often connected with the Air Force). Material in my possession describes crimes by paramilitary organizations against other members of my family or by members of my own family who are/were fabrications of the Central Intelligence Agency. At least three employees of the Estonian Taxation Authority were among those, who during Serdukov's work as minister of Defense of the Russian Federation, tried to use me for their “Bay of Pigs company projects”.

3. In the near future military criminals (*some in NATO*) might attempt to negotiate the end of satellite biotechnology torture in exchange for:

- a. Dropping criminal charges against them and the local police.**
- b. Complying with US military (occupation) plans.**
- c. Editing or suppressing information soon to be made public.**
- d. Ending interaction with the ACLU/ US Supreme Court/ White House (*see attached/available material*)**

Have you submitted the above complaints to any other procedure of international investigation or settlement? If so, give full details.**

In 2004 I personally talked to a member of the Evidence Gathering Committee of the International Criminal Court in its premises (The Hague). I gave the committee written and filmed material, which might be useful to grasp the background of some mass killings in Libya and Syria (2010 – present) and their financial motivations (Stockholm – Copenhagen – Paris). For example:

- 1. Look-alike of Bashar al Assad filmed**
- 2. Russian uniformed military officers caught on camera involved in the planning of mass murders**
- 3. Preparation of committed mass killing of US civilians on US territory filmed**
- 4. Attack on African hotel (Cornell University, see attached material): activists filmed**
- 5. Etc.**

IX. Additional contact information.

I suggest the court consider hundreds of other, already - printed illustrated pages that describe high - level politico - paramilitary activities, some of which involve the Vatican and/ or are currently in progress with implementation of satellite nuclear/ laser weapons. Original files (besides about 4 Gigabytes of supporting material on DVD) are in a bank's safe box, to which only I have access (*Chernobyl "accident"*).

Below woman sat next to me while I type, started “talking on her mobile phone” in Estonian, said: ~“terrorism - children” as her colleagues used synthesized female voice on top of Vapiano’s ambience music to emphatically pronounce: “*No!*”. From here, at least twice before, attacks in Syria might have been partially coordinated; one reported bomb targeted the Syrian Interior minister. Evidence indicates that the thugs interfering ambience audio are French state agents:

Madame D. Nahkur – Tammiksaar:

Since October 31st, when I went to the State Prosecutor's Office on Wismary Street, satellite nuclear attacks on brain (with obvious participation of US military and Cubans, *Guantanamo Base arrangers*), have continued. Brief additional description of ongoing illegal and covert military operations on Estonian territory follows:

(I)

During the 2008 Georgia - Russia war I was severely attacked by satellitists in Paris. Person might have been used: I lost in less than three weeks significant muscle mass (videos and photos available). French policemen in uniformed and French military agents repeatedly participating, with unambiguous purpose of displaying their zeal to protect private property.

On "Place du Commerce" (en Rue du Commerce, Paris) I filmed French military agents taking part in a French mass media campaign, which accused the French military of involvement in the preparation of the Rwanda Massacre in 1994. I had previously had a meeting with a diplomat in the embassy of Rwanda in Paris (Rue Jardin), prior to which I had met an attorney named Maria Cristina Cimadevilla at her cabinet, situated directly above the embassy of Georgia. Several indications exist of the implication of this group in the sinking of the ferry "Estonia" (with the participation of paramilitary groups in the Tampa Bay Area (FLORIDA), in 1994); e.g.:

- ① The daughter of one of the "Estonia"'s victims took part in a military operation in Tallinn, supported by Estonian uniformed policemen and targeting Turkey during ongoing civil war in Syria. Photos available.
- ② Recurrent patterns of similar attacks, usually connected with financial operations, such as the exchange of the national currency
- ③ During recent one-day trip to Helsinki, military agents on board Ferry dropped suggestions. Women participated,

during both ways.

④ Recently Russian-speaking activists suggested sabotage, possibly meaning the participation of Cornell University in the 2001 WTC attacks' preparations (1998, Metropolitan Museum of NYC; French military activism on USA territory); see further information on Iraq.

⑤ Estonian military agent (woman), who was involved in the killing of a Syrian general (director of a Damasus military hospital) also made suggestions at the memorial to the victims. This person might also have connections with MIT - USA military. Shortly before she approached me on the streets (and invited me to her apartment after I asked for help), a woman in front of the store where she appeared to be working had collapsed and died from a heart attack (Corridor of 45 Tartu Mnt and Kreuzwald)

⑥ Front page video #2, showing uniformed Russian military personnel involved in the preparations of mass murders. It coincided not only with a CIA operation in Copenhagen during the re-election of George Bush as USA president (2004), but also with extreme-right activism targeting AFRICA (see further information), which luckily was recorded on camera (OSLO BOMBINGS-related)

⑦ Cubans involved in the invasion of Libya by NATO; some currently living in Havana, Cuba, with real-time satellite connection over Tallinn, which they were in coordination with CIA agents, b4S private security thugs, Estonian uniformed military, etc. For example, an NBC cameraman during a report on Cyber terrorism was photographed at VIRE RESKAS; German? activists hinted at a customized release of a version of Mozilla Firefox, especially to back my laptop. (photos available).

On the eve of the 2011 Moscow military parade, a "tourist" from Moscow, a Jewish (Israeli) woman who claimed to have just returned from Turkey^{*} and uniformed Estonian policewoman (photographed inside her police car) took part in a financial operation involving S.E.B. bank

employees, who participate in large frauds (international).
For instance:

- ① United Nations (in NY). Apparent preparation of political assassination. Known Estonian public performing artist involved.
- ② Bombing of the Minsk Metro (see further comments)
- ③ Syrian massacre near Queiq river (Aleppo)
- ④ Covert subversion of civil rights groups on USA territory. A clear example was the "death" of Rodney King on June 17th, 2012; with uniformed Estonian policemen and French policemen's agents suggesting that if I sued them, they would get back at me later on. Angola Davis and the ACLU of New York, New Orleans, Arizona, contacted by emails / phone calls; communications subject to sabotage by right-wing Estonian military criminals, some were caught on camera. (photos available)

III

Russian-speaking activists in Narva implicated in preparation of "Thermal" accident. It could have been a decoy to divert attention from Chernobyl operation, photos available. Cuban internationalist troops in Angola targeted, concrete names and whereabouts of activists involved either known or easily findable.

Finish "tourists" using space nuclear weapons to attack brain & virus Hotel; some photos available).

(NOTE)

AS I WRITE JEWISH BANDITS FLICKERING CEILING LIGHTS - TAKING ON TOP OF MY LAPTOP. SOME COME LATER TO ME ON STREETS WHILE I BEG FOR MONEY TO HARASS ME. PHOTOS TAKEN TWO DAYS AGO SHOW EXAMPLES OF THE SPIES / SABOTEURS

IV

Lethal attack by Syrian troops on Aleppo University connected with activism on Tallinn Technical University campus; photos available (ESTONIAN/ RUSSIAN-speaking activists). Same day there was a suggestion at Havana University being a breeding-ground for USA espionage (photos available). Illegal biotechnology weapons used by "students" (photos available). It was a very well-organized operation, which included dropping corpses of Syrian Postal

employees from atop an Aleppo building (video posted on youtube.com on August 12, 2012); I photographed at least one Estonian postal worker implicated.

(I) Assassination of at least 4 generals in Syria was coordinated from Tallinn. (mentioned in other documents). Internet hosting company "Go Daddy" involved in real-time military operations (related to the NATO invasion of Libya and destruction of social infrastructures by means of air-raids). USA "tourists" in Tallinn using illegal satellite technology for (real-time) sabotage. VATICAN TARGETED (read further).

(II) Informed activists have seriously suggested "IRAQ":
① "Death" of General Norman Schwarzkopf preceded by hacking of my laptop; "SLAIN" shown, mocking/triumphant emotional message through personal contacts or via internet by activist whom I don't know.
② I was cautiously approached by a former bodyguard of Saddam Hussein in Berlin 1999. He drove me from Berlin to Dresden after I had spoken to staffers of the embassy of Cuba in Germany, who were connected with Harvard University via Martin Mork Eng (read further) and who knew about the NATO "accidental" bombing of the Chinese embassy in Belgrade. French military agents in Havana were directly implicated in the hanging of Saddam Hussein, I have concrete names.
③ My conversation with diplomatic worker in the embassy of Iraq in Paris. (Omar Dawood)

④ Involvement of Otto Garcia Dinsuain in the start of the 1991 air strikes on Bagdad. This Cuban was a classmate of mine in Cuba and Leningrad. He is married to a Russian woman and studied (graduated) Elementary Particles Physics at Carnegie-Mellon (PhD). He could be now working for the

(7) (cont)
US Department of Energy and has been repeatedly identified as a foreign extreme-right spy. in Havana. (Amsterdam - Brussels - Berlin - Paris).

(3) Front video killing (video #4) involves an Estonian national (through satellites connected with Paris military activism)

(6) Border between Iraq/Syria. Oil-rich region.

(VII) Rue Didot (Paris) - HLV Bank staffers - Bank of China - NATO. Activists of this military company are present at a private high/middle/elementary school in Tallinn (founded in 1898) and are involved in current strategic financial operations which concern not only the United States of America.

There might have taken place justifications (or attempts to justify) mass murders by Israel. (if I remember correctly, shortly before the election of Nicolas Sarkozy)

(VIII) North-South Korea and the use of Space Nuclear weapons selectively to, for example, cause traffic accidents. Concrete information includes description of biometric methods used to attack the brain, employed by agents implicated in the Russian-Georgian conflict and GLOBAL / FEDERAL "Security" programs, which might lead to military confrontation in large scale.

I alerted both embassies in Warsaw, Poland by writing. Someone near the embassy of North Korea warned me that French policemen connected with Sarkozy - Newly sur Seine's ~~deep~~ purported consulate of North Korea were watching, nervous at being disclosed in connection with the downing of Egypt Air flight 990 on October 31st, 1999 and editing of the "annuaires de la Presse" (videos available).

(IX) threats of using missile to execute witness made by Estonian (some Russian-speaking) activists, in the context of the assassination of DUDAEV and the bombings of apartment buildings (in Sept 1999) in Moscow. Cornell University professors (mathematics department) and an Ithaca Woman named "Susan Smith" implicated, see attached material.

During the violent war, a "free lancing" USA military agent connected with the then German PRESIDENT (1999), dropped hint at an Estonian woman named Anna Lõri (Haanamere street, Tallinn), whom I had met in Moscow (~1988).

(X) The recent killing by a black man of a soldier in London involved "activists" who approached me in Warsaw and Tallinn. Following stand-alone document shows not only who they are, but also exemplifies what nonstop satellite torture ("colombian necklace") boils down to.

These operations are designed to influence the political use of the Cuban Armed Forces in favor of extreme-right "South Africans". Otto García Fincaín was connected with one such group acting in Madrid, Spain (1991); involved in "attempts to free Nelson Mandela" (as it turned out). Another related team (operating from Paris) took part in the crash of a civilian aircraft in Martinique (French minister of Labor and Sarkozy acting then as interior minister, knew what had happened); see attached information.

Furthermore, Spanish Jews two days ago walked by and said:

- "Yes, you have to pay, since you were both in the same flight" ("couple"; man to woman)

X (continued)

Other documents depict similar "Spanish" right-wing activities in Brussels (2009), targeting Libya and using a civilian airport / attacks on civilian aircraft. Airport employees participated; it is unnecessary to go into details, since such philosophy is exhibited by Estonians quite frequently.

An example of what nonstop Jewish military satellite biotechnology sabotage/ torture means:

Early morning:

Continuous brain scanning and sporadic nuclear hits on brain sectors. It also occurred during sleep, dreams monitored. Senator John McCain staffer (*formerly with the Armed Services Committed*) should have received following email, which included the photo of yet another uniformed Estonian soldier used to attack my head and steal from me:

Los ataques nucleares al cerebro continúan, durante el sueño también. No hay absolutamente ninguna duda de que son los franceses quienes coordinan esta operación mafiosa (y que incluye el ataque contra la Congresista Giffords).

Vicious onslaught on brain went on while I drove to Tallinn, trying to distract me by setting patterns and thus increasing the possibility of a lethal accident.

Time: 9:00 pm, Rue Aedvilja, near Synagogue/ students dorm (extreme – right biological experiments) / café used to model Jewish activism in Havana, Cuba:

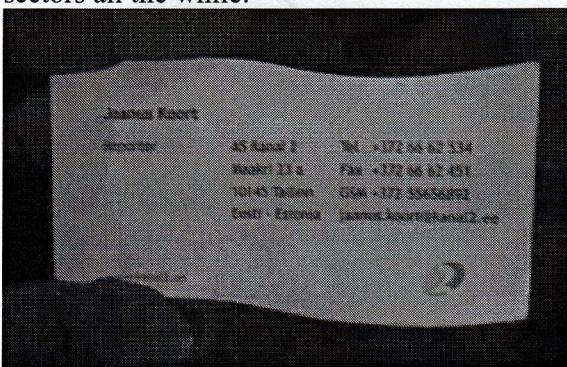

Russian – speaking man driving car, which he has recently bought in France, suggested that as a result of a scandal **in France**, money will be given to certain “activists”:

Time: 9:35 pm, same place:

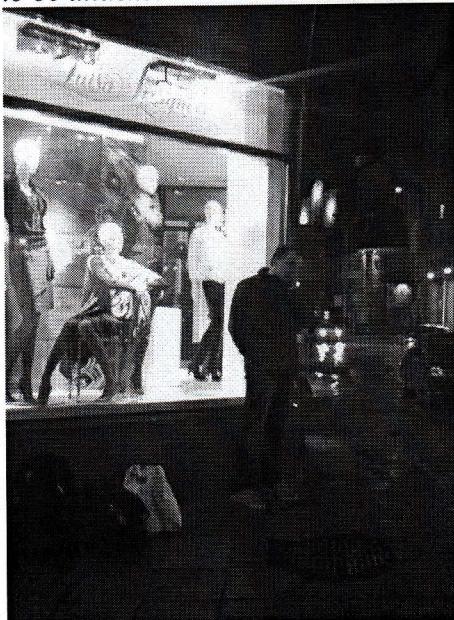

Estonian TV news reporter “happened to walk by”, as he talked to me he took out a chewing gum from pocket, to suggest conversation was being recorded. Essentially he meant: “*Yes, we got caught (oil industry terrorism, etc.), if you need a job for doing an article abroad ...*”

Right – wing activists (*possibly linked to South Africa, men and women*), seemed to use their own real - time satellite system to steal, harass, etc. Taxes; military technology and uniformed policemen routinely employed in their operations. Frequent hits on brain sectors all the while:

Time: 10:27 pm, Corner of Vaike Karja/ :

Two Englishwomen walked by, briefly talk to me while my brain was under attack, "Luisa Spagnola" used to hint at the British base in Gibraltar/ ETA. This man moments earlier, "talking on the phone", had said: "*You will warn the police in case they are going to be attacked with a bomb.*"

Minutes later two Russian – speaking men walked by; one of them (with deformed philtrum) asked me about a possible political transition in Cuba, as a police van made a turn around this corner; another activist riding a bicycle forth and back hinted at the IRA/ Gerry Adams:

It is necessary to mention that I have been begging on this corner for many weeks during the winter, minus twenty degrees Celsius at times, being at irregular intervals locked out (*left on the street*) from a apartment building where I used to sleep, which was used to target Raul Castro, and where a woman "mysteriously" died next room (*part of "traceless" satellite military attacks*). French activists were caught on camera here during the NATO invasion of Libya; the assassination of Gaddafi

involved at least two extreme – right business fronts on this street, Cubans with links to the Navy (*Pacific fleet*) implicated:

Across the street, two bald men said: “*Yes, they have fractured your head*”, as if the large amount of mafia money invested in “background” to fabricate mass murders (*with police support*), only within a 50 meters radius, were not obvious to everyone. Cuban embassies targeted, the Oslo bombing also partially manufactured from this area. Focus on the United Nations: *one Russian – speaking Zionist agent with links to Chicago, Illinois busted.*

Attacks on brain went on during the night, money income (*including through charity*) effectively blocked, Internet servers hosting my company’s website hacked and emails interfered.

Next morning the “South Africans” went on attacking my brain “as therapy” (image, 10:20 am). Individual acknowledged it is “*very, possible*” that (English/ French agents, *the all - whites NATO*) has been caught in satellite - coordinated international terrorism (*complacent Estonian State, nothing said explicitly concerning Germany*):

XF

Following email has been blocked from reaching United Nations Permanent Representations in Geneva and members of the Cuban Academy of Sciences.

It documents the participation of international mafiosi present in Tallinn, in the Oslo bombings. Concrete individuals indirectly involved in the assassination of Olof Palme are implicated in ongoing terrorism, used for political purposes and thus "invisible" to authorities.

Como les he advertido antes: metan presa a Candida Margarita Artme Peñenor. Uno de los agentes de la CIA era un Americano que trabajaba en los años 70 en la Oficina de Intereses Yanki en La Habana. Ella debe dar su nombre (antiguo compañero suyo de colegio), ya que las descritas operaciones corrientes son las fechorias de un grupo de cabrones que quieren hacer carrera, "desarrollando un programa" que incluyo la bomba del vuelo de Cubana de Aviacion sobre Barbados en 1976.

Hoy nuevamente fui asediado por policias Estonos (tropas guardafronteras que fueron alertados por una judia sobre un extranjero sospechoso pidiendo dinero en la calle, photos adjutas):

XII Policeman driving van with registration plate 860 BHS was involved in satellite torture (nuclear weapons) connected with the transition from Benoît XVI to François. A catholic activist had mentioned that the local nuncio had been previously posted to Havana (prior to taking me to spend the night at a Vilnius Catholic Church dormitory).

The image of the plate is attached material, taken at the Volkswagen center on Mustamäe Ave, with the participation of other uniformed policemen and Estonian military activists near / in the English School (next to Freedom Square).

You must be clearly warned regarding Paris' military groups, which have been consistently involved in the fabrication of vicious tribal conflicts. In this context I have observed, during the last three years, increasingly aggressive behaviour of Estonian military thugs / right-wing cells, apparently linked to Sarkozy / Hungarian financial projects. A concrete example: SEB bank - comments of former Syrian military Colonel (mentioned further).

XIII Participation of Estonian (among others) newspapers and mass media workers in real-time satellite attacks on my brain, before / during / after the NATO invasion of Libya. Photo available.

XIV After having been involved in a string of atrocities, bandits use taxes for coverup and image "rebuilding". In some cases they go as far as trying to erase memory by causing a mind "fracture". Concrete examples and photos available.

XV The shooting of Congresswoman Giffords was partially coordinated from Tallinn's "6 Euros Hostel", from where also appeared to have been partially fabricated the killing of Estonian children, with the participation

XVI (continued)

of individuals connected with the Estonian military -
OLÉ INDUSTRY - Sweden (not only Stockholm). The
basic argument:

"Why should billions be spent on the development of Space weapons, putting them (and keeping them) into/in orbit, weapons which are used by an international extreme-right GARBAGE for social control purposes and to get what they want using any available means. (Billions of tax money, well understood). At the same time, well-definable sectors of the US population are subject to discrimination and poverty."

I received an email response from Senator John McCain regarding the use of military force to nullify Syria's Air Force.

Virginie Elaine Renz was implicated in the killing of JFK junior. (1999)

XVI I cannot provide any information regarding satellite system's ownership; I simply don't know. Bashar Al-Assad publicly distanced himself from previously-signed agreements with Russia, "which are going to be fulfilled anyways". Viktor V. Chirkoff; head of the Navy of the Russian Federation, publicly provoked anger by supporting the ideology of the French police/military, and hiding behind the powers of the president of the Russian Federation.

Virginie Elaine Renz was implicated in the transition from Mafez-al Assad to his son in 2000

Note:

2008 meeting with Colonel of the Russian Navy at the Russian embassy in Paris during the Russian - Georgian war taught me the need of keeping names and contact information for future use. It is evident that paramilitary individuals implicated in the 2000 Kursk "disaster" and the crash of the Polish President's aircraft will try to keep me on a close leash with satellite nuclear weapons (*reading thoughts- attacking brain/ internal organs/ nerves, etc.*) In case of:

- More politically - financially appropriate situation for the commencement of criminal proceedings against the military /organized crime in Estonia (*it might coincide with national elections in certain countries*)
- Your offer of financial - material help/ assurance of normal working conditions /request for official testimony

please use any of my telephone numbers /emails; I shall quickly respond. Under no circumstances you should recur to Estonian diplomatic personnel/ embassies/ Interpol resources. A military agent recently commented on the haughty announcement of your Foreign Affairs Minister: "*Estonia decides what happens in Syria*". At Mamo's restaurant (on Livalaia Street) uniformed US and Italian military officers, Secret Service agents (*including French*) and the like, have availed themselves of a brief meeting I had before 2009 with an Estonian diplomatic worker at the embassy of Estonia in Paris (*while still on Rue Pierre Charron/ Ave George V*) to brutally attack my brain, blatantly steal from me, prepare the Minsk Metro bombing/ Byelorussian currency fall, interfere in Cuban political/ military/ financial affairs, etc. (well documented).

Tallinna Ringkonnakohus

Tallinna Ringkonnakohus:

Attached you will find the answer given by the Northern District Prosecutor's Office. Tallinn attorneys had indicated from the start that I should have the recourse of appeal; notice that the absence of a concrete decision, with ongoing crimes such as assassination attempts and nonstop biotechnology torture, appears to be equivalent to complicity. No specific time frames were established by the State, but I was told you should reply within 30 days, at worst.

Attorneys in Europe, Asia, the Middle East and the US have been routinely informed regarding the stages of this denunciation. The ACLU (American Civil Liberties Union) was also alerted about obvious supranational violations of Civil/ Constitutional Rights with Space military technology. I spoke to a General in the Colombian embassy in Moscow on October, 2010: anyone who has been familiarized with the herein - expounded facts should understand that the criminals attacking my brain are the ones who murdered a Colombian farmer named Elvira Cortez in the year 2000 (*they are talking on my laptop as I type*): Stephane deRoys du Roure, Virginie Elaine Ruiz and other French military gangsters have been repeatedly denounced as being behind this, and other acts of international terrorism/ political assassinations, committed between 1999 and the summer of 2000. Several large banks, unofficially connected with financial - military conceptions of relations between the industry and agricultural sectors (without restriction to national boundaries, Zionists) have been giving support to this French "think tank", in their premises satellites have been used to illegally scan and attack my brain, in one case alluding to at least one recently committed mass murder in Syria, photos available.

Attacks on brain by satellite (nuclear/ laser) weapons, often hitting its left and upper sectors; illegal and malevolent interference/ blockage of telephone calls/ emails and equipment interference in real time (laptop and mobile phones systematically shut down, files edited, information erased) continue. A Cuban who studied Nuclear Physics at Moscow State University (1991 graduation) and now works for Deutsche Bank (Spain) referred more than two years ago to this type of sabotage/ torture as to: "*you will feel a slight annoyance*" (roughly speaking). In Tallinn, some civilians blame NATO (its section of electronic warfare?).

The Estonian Office of the Prosecutor received internet links to photos and videos of assassinated/ massacred individuals in Syria, which are being employed to attack my brain (*and illegally read my thoughts*), as part of mentioned social control study by the French National Police/ military, which included in 2006 the Israeli bombing of Beirut (*videos and photos available*), and in 2007 Nicolas Sarkozy's presidential fraud (*Hotel Matignon*). To further evince the stanch criminal intention of the French mafia, some days ago French - speaking activists were caught on camera in Tallinn suggesting to be Hezbollah supporters (and agents of the French Security); the Prosecutor's Office received the image by email. I have evidence that French right - wing thugs, who are free

and protected by the state (or agents thereof), are planning further ethnic atrocities in Syria/ the Middle East region; a staffer of the Los Angeles Times was warned this summer, regarding former Syrian General Tlass (son). A number of brutal French paramilitary crimes have been prepared from Tallinn with the involvement of EMC Co (Mossad), specific names available; Estonian military personnel in plain clothes and in uniform were photographed from the first day of my arrival to Estonia (October, 2010), their images posted online shortly after: they were targeting the Syrian embassy in Paris (on Rue Vaneau), with Dmitri Medvedev being implicated in torture by satellite weapons (strong radiation that provokes diarrhea, cranial ache and dizziness).

I have done what I can to prevent a pre-fabricated international "political" solution among extreme-right military groups, which not only are torturing, killing (including their own citizens), lying in public, etc., but also embezzling large amounts of taxes (Allied Irish Banks - General Martin Dempsey/ downing of Turkish military aircraft - Leon Panetta - Cyprus) and unlawfully using military/ security Space technology/ equipment to "tracelessly" attack witnesses/ opponents. I have documented the participation of Estonian agents of several private "security" companies in specific operations, which were already taking shape in Leningrad during the Soviet Era and later were consolidated by the Chechen wars and privatizations across Russia (apparently coordinated from France). Strong, comprising local, Jewish hi-technology opposition to the commencement of criminal investigations is to be expected.

Please, considering taking the following measures:

1. Protection from satellite attacks in the measure of your possibilities. In Warsaw, Poland, a military team representing interests of foreign military occupation (military bases) suggested the involvement of Cubans in fabrication of extra-territorial incidents, leading to long term prison sentences for political opponents
2. Immediate compensation for piracy and thefts by military/ security things. Proofs exist of illegal distribution of my work in Estonia, Lithuania and Poland (just examples). I have never received a single cent for my books. Furthermore, TELE2 made a tacit agreement with an Estonian collection agency to extort from me more than 80 Euros for services that were never requested/ used/ invoiced for. Russian speaking gangsters at a STATOIL station said 3 days ago: "Our TELEGazomne b taken gone!"
3. Permanent documentation. (see attached information)
4. Introduction of further evidence, once I have received representation from a law firm (whether Estonian or not). At MAMO's restaurant right now, as I write, French criminals are talking on top of the ambulance music, saying:
 - "You are sick"
 - "You are schizophrenic"
 - "You are paranoid"; etc. - Photos of exhibits taken.

5. Stern and didactic punishment of agents and right-wing "civilians", who have been stealing from me and torturing me for the last 3 (three) years. Many photos can be supplied; Estonian uniformed military personnel have given themselves the right to hack my equipment, and they do so on streets, day and night, without EVER having considered remuneration of any sort. Moreover, my son (US citizen) has been threatened by the Estonian military, under obvious US guidance (New York City - Chicago - New Port Richey - Tampa federal operation) 5.

After the Prosecutor's Office had been handed the official translation, info@prokuratuur.ee should have received a photograph of Estonian agents illegally hacking my laptop real-time and making comments such as: "assassination", "immunity", "subpoena", etc., while they were still sitting nearby (below image):

Following letter was sent by email to Mr. Norman Aas, Estonia's General Prosecutor. Satellite nuclear attacks on brain by the mafia have continued, depriving sleep and causing strong headaches. A (very possibly) member of the US Secret Service confirmed yesterday the use of satellites to *illegally* scan the brain (read thoughts), photograph available.

August 30, 2013

For the Estonian State Prosecutor's Office.

Introduction:

The information you are receiving was enough for a member of the Permanent Representation of a European country to the United Nation in Geneva to tell me:

"I will do my best to get the help of our Minister of Foreign Affairs on this matter, although it is not our policy ... "

Right now French Jew bandits are attacking my brain, talking on my laptop, blocking and releasing its keyboard letters and flickering the ceiling light, as part of a biotechnology experiment that extreme right military criminals are conducting on me. This afternoon, while I was talking to a Tallinn lawyer on my mobile telephone, they satellite - attacked my brain real - time, as they attorney (a woman) coughed and warned me of police attempts to cause a "fracture".

More than a year and a half ago I had a meeting with the prosecutor - on - duty at the Public Prosecutor's Office on Livalaia Street. She advised me to go to you for introducing an official complaint, but a number of individuals blocked free access, for example agents of the Estonian Private Security company "USS", uniformed military personnel and uniformed policemen; a woman implicated in similar hindering of justice (*possibly linked to EMC Co*) was also recently photographed on Wismari Street entering your building, image available. The prosecutor - on - duty mentioned then as well, that some Estonian hostages had been recently released in Syria.

The assassination of the Syrian minister of Defense and three or four other Generals was prepared partially from Tallinn. I know who they are and who else was behind this and other political murders, such as the shooting of a Syrian General, director of a Military hospital in Damascus, formerly a student/ worker in Paris. President Bashar al Assad, on repeated occasions, has made public statements *using me as a system of reference*.

Uniformed Estonian military officers and soldiers have frequently been caught on camera participating in NATO - French - Jewish mafia satellite - coordinated operations, which include severe torture by attacking my brain with space nuclear weapons, the killing or "natural" death of civilians, mass murders and the fabrication/ development of political

careers. I have concrete names, know of their sources of finances, their connection with former USSR agents involved in the September 1999 apartment buildings bombings in Moscow and the assassination of Muammar Gaddafi. For obvious and already - stated reasons I cannot give you now their names, but I can assure you they are under your jurisdiction, some currently living in Tallinn.

The gravity of the problem has led numerous Spanish and Russian "tourists" to come to Tallinn expressly to meet me, sometimes to help me. French Jews have, on the other hand, arrived to sabotage and carry on with their "Sarkozy Hungarian financial - police project", more information will be released soon. The President of Kazakhstan also interacted with me in Tallinn.

All these "unbelievable" facts (*I, I, I, and I again*) have straightforward explanations: The CIA has targeted me since childhood, killing 72 Cubans in a plane bombing in 1976, to scan my brain, as it turned out; several professors of Cornell University (Ithaca, New York) are involved, including: Dynkin (*renown statistician, student of Kolmogorov*), John Hubbard (*prominent Mathematician on Dynamical Systems*) and Yulij Ilyachenko (*head of an independent Moscow Mathematical Institute*); my mother's cousin was the CIA hand - picked ideological director of the Bay of Pigs invasion; the French/ Italian mafia has harassed me in France, Italy and other countries (*Virginie Elaine Ruiz's so-called National Security Agency operation, in reality extreme segregation efforts*), Noam Chomsky's "Necessary Illusions", etc.

I have met a General in the embassy of Colombia in Moscow (2010), General Norman Schwarzkopf in Tampa (~1993, whose "death" was also coordinated by French agents from Tallinn, "Alsace"), Colonels at the Russian Military Prosecutor's Office in Moscow and the head of a military counter-intelligence branch of the FSB on the Red Square (October 2010), the daughter of a Soviet Union General in their apartment (1989, *also on the Red Square*), etc. Several extreme - right paramilitary operations regarding nuclear weapons (*including an "accident" in a foreign Nuclear Energy Facility*) were also coordinated, to some extent, from Tallinn. I have recently denounced General Martin Dempsey (*the top US military officer*) to the UN and to all embassies of Cuba abroad; some people had told me: "*~I know you don't know why you trust Mr. Dempsey*", and "*as the Irish say: beggars are not choosers*".

I expect you to instruct the Estonian police (*as soon as possible, having carefully screened them*) to start official investigations, in order for an Estonian Criminal Justice Judge to open a case against Estonian citizens (*including agents of the Estonian police/military/security forces and agents of some private security agencies*). When I say "Jews" I mean the Mossad, Hebrew / Zionist activists and their corporate (*mainly financial*) employees.

A copy of this request will be distributed among foreign diplomats and agencies.

Thank you.

July 29, 2013

Greetings,

The following clarifying document was requested by the Estonian Immigration Board, when I applied for an extension of my residence permit on July 26, 2013.

I want to introduce your firm to these severe ongoing violations (*as I write given letter (presumably) the police hacks my laptop, talking on its audio and hitting its hard disk)* in case you might be able to help me. In the summer of 2012, around the time of the Houla massacre in Syria, paramilitary elements in Tallinn already tried to block access to legal advice, photos and concrete information available.

Thank you,

P.S.:

On July 25th I returned from Poland. Email sent to Polish attorneys hereby included.

Two of your colleagues asked me to explain:

1. Why I had not fulfilled the requirements to which I was obliged when I obtained the first Estonian Residence Permit?
2. Which benefit my company will bring to the Estonian State

Both questions can be answered simultaneously:

korrapidaja@kapo.ee, jano@kapo.ee received several complaints from me in regards to the participation of Estonian policemen in thefts, sabotage and torture. I have a record of these messages, Jano called once my mobile phone.

- Mentioned thefts included intellectual property rights violations; my work is protected by the Electronic Copyright Office of the US Library of Congress.
- Several assassinations and mass murders were also committed with the assistance of Estonian policemen; competent military/ civilian/ judicial authorities received almost daily reports (copy of messages available).
- USA Secret Service is using nowadays Estonia for large - scale operations, which include New Jersey financial criminals -Swedbank – the current

Estonian President. 2012 Russian presidential elections evinced the international ring; Russian candidates involved (*Vladimir Putin and two other*). I personally talked to staffers of several US Senators, to a Senator for New Jersey (*if the call was not redirected*) and received a reply letter from Senator John McCain.

- Estonian uniformed military personnel were caught on camera torturing. Their photos were sent to proper authorities. *There might be serious legal problems for them*. The Estonian Public Prosecutor was informed in person during a meeting (on Livalaia Street): *hostage-taking, mass murders and assassinations in Syria*.
- During the NATO invasion of Libya, French military activists came to Tallinn expressly to harass me, photos available. The assassination of Muammar Gaddafi was also prepared with the participations of Estonian Nationals (including Estonian military personnel), photos available.

The list goes on. These gangsters have investment interests in Cuba as well. I have been so severely tortured that I could have been seriously damaged physically or killed.

If you want a court suit and a scandal, let us go for it.

Thank you,

Mario A. Pedroso

On July 25th I returned from Poland. Email sent to Polish attorneys:

About two months ago I requested your assistance concerning a string of international crimes, fabricated/ perpetrated by an extreme-right strategic - studies (French) organization:

- Nuclear satellite attacks on brain continue. Laser/ micro/ nano waves or other type of highly – penetrating signal used. Brain scanning and illegal thought - reading (two - way *unwanted* communication bypassing sensorial organs)

Examples of assassinations/ massacres committed/ advertised in order to scan - attack my brain and paramilitary agents/ uniformed military personnel involved:

www.artimeconsulting.com/youtube.php
www.artimeconsulting.com/index.php?page=news

- Sleeping is very difficult, working completely impossible

- Major CIA operation disclosed (*French presidential elections rigging => Cuba*)
- Assassination attempts go on (*physiological techniques leaving no trace*)
- Server traffic (*sporadically*) completely obstructed, emails tampered with/ blocked
- Necessity of begging for money to eat/ sleep on streets. Over the last 4 days over 170 information leaflets personally distributed among (mainly) civilians in Warsaw. Confirmations of military/ police torture and sabotage in order to cover up their parasitism/ incompetence/ complicity in mass murders (*Congresswoman Giffords incident, etc.*)
- French Gendarmerie Nationale (*French military police*) again warned that policemen “working” in the station on Rue de Vaugirard (Paris) are implicated in international terrorism (*including torture, thefts, assassination attempts, mass murders and killings*). **French documentation (Legal papers - “sans papiers”)** - **Virginie Elaine Ruiz - August 24th, 2000 “crash” of Gulf Air aircraft near Bahrain**
- Local banks (*under the control of multinational corporations*) embroiled in war - engineering/ mass murders/ assassinations, photos available
- So far no official release as to whose satellite technology is being thus implemented. The White House, **under three administrations**, has signaled its position

I would like to arrange a meeting with a member of the military mission regarding a series of assassinations and mass murders committed in several countries (including Syria) with the common factor of French police and French military implication. Examples can be found online (<https://www.artimeconsulting.com/youtube.php>, for example). Satellite nuclear attacks on my brain by extreme - right groups, which attempt to create a police - political party organization similar to Sarkozy's UMP (Union for a Popular Movement). Many people know that Sarkozy committed fraud; I have concrete details of French military involvement in attacks against the security (and civilians) of Belarus in such context.

Thank you

Email sent to attorneys (in Russia, Ukraine, Kazakhstan, USA, Slovakia, Germany, Spain and Italy) and mass media (African, Asian, American, European countries).

Below you will find the almost complete copy of a letter sent to several embassies in Poland, with the purpose of receiving support and helping establish a connection with the Office of

the Prosecutor of the International Criminal Court, in the context of the possible prosecution of members of a French extreme-right think tank, who are responsible for torture, violations of civil/ human rights and a series of assassination and mass murders recently committed.

Audio-visual material available online; consider preparing and releasing *as soon as possible* an article/ review/ program dedicated to these developments. Some large mass media companies are currently employed to dull public awareness and anticipate, for military reasons, potential denunciations.

I do not represent any NGO, government, social group or political party. Internet traffic hampered since this document started to circulate (*photos of participating "activists" taken*); please verify hash signatures/ make screenshots.

Subject: United Nations: ICC (Reference: OTP-CR-811/09/001) and European Court of Human Rights (petition number 38967/09)

During Mr. Kofi Annan's appointment as the special envoy for Syria, the UN was alerted about the use of Space Nuclear/Laser weapons for torture and the manufacture of assassinations and mass murders. Satellite (possibly nuclear) attacks on brain, illegal hacking of my equipment and obstruction of Internet communications continue. The embassy of Egypt was warned that it is done by the same group that took Egypt Air Flight 990 aircraft down on October 31 st, 1999. Updated information may be downloaded from:

Thank you,

Nonstop satellite onslaught on my brain (and other internal organs/ body parts) continues, sleeping is difficult, working completely impossible. In such conditions, I am daily forced to beg on streets for money to eat/sleep, and last week I participated as an exhibitor in the annual Warsaw Book Fair ("Russian Institute for Strategic Studies"); for explanations, please refer to:

On the achievement of this independent project, and the outcome of the possible confrontation therefrom arising, might depend the wellbeing of other civilians, who are direct and indirect victims of hi-tech, extreme-right paramilitary groups ...

Respectfully,

3. september 2013.a.

Alljärgnev kiri on saadetud e-postiga hr-le Norman Aas, Eesti peaprokurörile. Satelliidi tuumarünnakud ajule maffia poolt on jätkunud, mis tekitab unetust ja põhjustab tugevat peavalu. (Väga võimalik, et) USA salateenistuse liige kinnitas eile satelliitide kasutamist aju **ebaseaduslikuks** skaneerimiseks (mõtete lugemiseks), foto olemas.

30. august 2013.a.

Eesti Peaprokuratuurile.

Sissejuhatus:

The information you are receiving was enough for a member of the Permanent Representation of a European country to the United Nation in Geneva to tell me:
Teavet, mida te olete saanud, oli piisavalt ÜRO Genfis Euroopa riigi Alalise Esinduse liikme jaoks, et öelda mulle:

*"Ma annan oma parima, et tagada meie välisministri abi selles
asjas, kuigi see pole meie poliitika..."*

*Praegu prantsuse juudist bandiidid ründavad mu aju, suhtlevad minu sülearvutiga,
blokeerides ja vabastades selle klaviatuuril tähti ja vilguvad lambiga, osana
paremäärmuslaste sõjaliste kurjategijate poolt tehtavast biotehnoloogia eksperimentist.
Täna pärastlõunal, kui ma rääkisin Tallinna advokaadiga oma mobiiltelefoni teel, nad
ründasid mu aju reaalajas, kui nende esindaja (naine) köhatas ja hoiatas mind politsei
katsetest tekitada "kokkukukkumist".*

Rohkem kui poolteist aastat tagasi oli mul kohtumine prokuröriga, kes töötab Riigiprokuratuuris Liivalaia tn kohtumajas. Ta soovitas mul minna teie jurde ametliku kaebuse esitamiseks, kuid keegi blokeeris ligipääsu, näiteks Eesti eraturvafirma "USS" teenistujad, mundris sõjaväelased ja vormiriietes politseinikud; naine, kes oli süüdistatud sarnases seaduslikkuse takistamises (*võimalik, et seotud EMC Co-ga*) oli ka hiljuti pildistatud Wismari tänaval, kui ta sisenes hoonesse, pilt olemas. Prokurör on maininud siis ka, et mõned Eesti pantvangid olid hiljuti vabastatud Süürias.

Süüria kaitseministri ja muu kolme või nelja kindrali mõrv korraldati osaliselt Tallinnast. Ma tean, kes nad on ja kes muidu oli selle ja teiste politiliste mõrvade taga, nagu tulistamine Süüria kindrali pihta, ning Damaskuse sõjaväehaigla direktori pihta, kes on endine õpilane / töötaja Pariisis. President Bashar al Assadi on korduvalt teinud avaldusi *kasutades mind nagu taustsüsteemi*.

Vormiriietes Eesti ohvitserid ja sõdurid on sageli püütud kaamera abil, kui nad osalesid NATO - Prantsuse - Juudi maffia satelliidi abil kooskõlastatud tegevuses, mis sisaldab rasket piinamist läbi minu aju ründamise tuumarelviga, tapmist või tsiviileelanike „loomuliku” surma põhjustamist, massimõrvu ja poliitilise karjääri tegemist. Mul on

konkreetsed nimed, olen teadlik nende tuluallikate suhtes, nende seosest endise NSV Liidu esindajatega, kes olid kaasatud 1999.a. septembris toimunud korterelamute pommirünnakutesse Moskvas ja Muammar Gaddafi mõrva. Arusaadavatel ja juba esitatud põhjustel ei saa ma teile nüüd nende nimed öelda, aga ma võin teile kinnitada, et nad on teie kohtualluvuses, mõned elavad praegu Tallinnas.

Probleemi tõsidus on viinud arvukaid Hispaania ja Vene "turiste" Tallinna minuga kohtuda, mõnikord mind aidata. Prantsuse juudid, vastupidi, saabusid saboteerimiseks ja oma "Sarkozy Ungari finants-politsei projekti" jätkama, rohkem infot tuleb varsti. Kasahstani president suhtles ka minuga Tallinnas.

Kõik need "uskumatud" faktid (*mina, mina, mina, ja mina uuesti*) on lihtsad selgitused: CIA on ajanud mind taga lapsest saati, tappes 72 kuubalast lennukist pommitamisega aastal 1976, skaneerides minu aju nagu selgus; mitmed Cornelli Ülikooli (Ithaca, New York) professorid on kaasatud, sealhulgas: Dynkin (*tuntud statistik, Kolmogorovi õpilane*), John Hubbard (*silmapaistev matemaatik diünaamiliste süsteemide valdkonnas*) ja Yulij Ilyachenko (*sõltumatu Moskva Matemaatika Instituudi juht*); minu ema nõbu oli CIA poolt sorteeritud Sigade lahe dessandi ideoloogiline direktor; Prantsuse / Itaalia maffia on ahistanud mind Prantsusmaal, Italias ja teistes riikides (*Virginie Elaine Ruiz nn National Security Agency operatsioon, tegelikult äärmuslik segregatsioni katse*), Noam Chomsky "Vajalikud illusioonid" jne.

Olen kohtunud kindraliga Colombia saatkonnas Moskvas (2010), kindral Norman Schwarkopf-iga Tampas (~ 1993, kelle "surma" koordineerivad Prantsuse vahendajad Tallinnast, "Alsace"), Vene sõjalise prokuratuuri kolonelidega Moskvas ning FSB sõjaväe vastuluure filiaali juhiga Punasel väljakul (oktoober 2010), Nõukogude Liidu kindrali tütreaga tema korteris (1989, ka Punasel väljakul) jne. Mitmed paremäärmuslikud paramilitaarsed operatsioonid tuumarelva kohta (*sh "õnnetus" välismaa tuumajaamas*) on samuti korraldatud, mingil määral Tallinnast. Olen hiljuti paljastanud kindral Martin Dempsey-t (*parim USA sõjaväelane*) ÜRO-le ja kõigile Kuuba saatkondadele välismaal, mõned inimesed on mulle öelnud: "*~ Ma tean, et te ei tea, miks te usaldate Hr Dempseyt*" ja "*nagu iirlased ütlevald: kerjused ei saa valida*".

Pakun Teile anda juhiseid Eesti politseile (*võimalikult kiiresti, valides neid holikalt välja*) ametliku uurimise alustamiseks, et algatada kriminaalasja Eesti kodanike suhtes (*kaasa arvatud Eesti politsei esindajad/ sõjaväelased/ turvaväed ja mõne eraturvafirma esindused*). „Juutide” all mõtlen Mossadi, Heebrea / sionistlike aktiviste ja nende töötajaid (*peamiselt palgatavad*).

Selle päringu koopia jagatakse välisdiplomaatide ja esinduste seas.

Tänan.

29. juuli 2013.a.

Tere,

Järgmine selgitav dokument küsiti Politsei- ja Piirivalveameti migratsioonibüroo poolt, kui ma taotlesin oma elamisloa pikendamist 26. juulil 2013.a.

Tahan Teile tutvustada mitmeid jätkuvaid rikkumisi (*nii nagu ma kirjutan eeltoodud kirjas (eeldataval), et politsei häkkis minu silearvutit ja õhkus kõvaketta*) juhul kui teil on võimalik mind aidata. 2012. aasta suvel, ligikaudu Süüria Houla massimõrva ajal, paramilitaarsed elemendid üritasid blokeerida ligipääsu õigusabile, fotodele ja konkreetsele informatsioonile.

Tänan,

P.S.:

25. juulil tulin Poolast tagasi. Poola esindajatele saadetud e-kiri on lisatud. Seotud lingid:

Politsei- ja Piirivalveamet

Kaks teie kolleegi palusid mul selgitada:

1. Miks ma pole täitnud nõudmisi, mida olin kohustatud täitma taotledes oma esimest Eesti elamisluba?
2. Millist kasu mu ettevõte toob Eesti riigile?

Mõlemad küsimused on koheselt väga lihtsalt vastatavad:

korrapidaja@kapo.ee, jano@kapo.ee meiliaadressid on saanud minult mitmeid kaebusi seoses Eesti politseinike varguses osalemise, sabotaazi ja piinamisega. Mul on need sõnumid alles, Jano helistas kord minu mobiiltelefonile.

- Eeltodud vargused käsitlevad intettektuaalse omandi vargust: minu töö on kaitstud Ameerika Ühendriikide Kongressi elektroonilise autoriõiguse büroo poolt.
- Mitmeid mõrva ja massimõrva on toiminud Eesti poritsenike kaasabil/kompetentsed sõjaväe/tsivil/kohtuorganid on saanud igapäevaseid aruandeid (sõnumite koopiad olemas).

- USA salateenistused kasutavad Eestit täna suureulatuslike operatsioonide jaoks, näiteks New Jersey finantskurjategijad Hansapangas - tänane Eesti president. 2012 vene presidendifinalimistel tekkis rahvusvaheline ring. Isiklikult rääkisin mitmete USA senaatorite kantseleiülematega, New Jersey senaatoriga ja sain Johm McCainilt vastuskirja.
- Eesti vormiriietes sõjaviielased jäid piinamistega kaamerasse. Need fotod saadeti asjakohastele organitele. Eesti peaprokurör oli informeeritud isiklikult (Liivalaia tiinaval): pantvangi võtmistest, massimõrvadest ja palgamõrvadest Süürrias.
- Nato sissetungi ajal Liibüasse, Prantsuse sõjaväe aktivistid tulid Tallinnas mind fotodega ahistama, Muammar Gaddafi mõrvamine oli samuti Eesti rahvuslike (sealhulgas sõjaväe personal) poolt ette valmistatud, pildid olemas.

Nimekiri jätkub. Neil gängsteritel on investeeringimishuvid ka Kuubal. Mind on mitmel viisil piinatud, nii, et ma oleks võinud saada tõsiselt viga või isegi surra.

Kui soovite kohtuda kohtus ja tekitada skandaali, siis võime seda jätkata.

Tänan,

Mario A. Pedroso

25. juulil tulin tagasi Poolast. Poola esindajatele saadetud e-kiri:

28. juuni 2013.a.

Ca 2 kuud tagasi palusin teilt abi seoses rahvusvaheliste kuritegudega, mis on valmistatud / toime pandud paremäärmuslike strateegiliste uuringute (Prantsuse) organisatsiooni poolt:

- Satelliittumarünnakud jätkuvad. Kasutatakse laser/ mikro/ nano laineid või muid sarnaseid signaale. Aju skaneerimine ja ebaseaduslik mõtete lugemine (two - way soovimatu side mööda tundelundite)

Mõrvade näited avalikustatud, et rünnata minu aju, paramilitaarsed esindaajad / vormiriietes sõdurid kaasatud:

www.artimeconsulting.com/youtube.php
www.artimeconsulting.com/index.php?page=news

- Magada on raske, töötada praktiliselt võimatu

- Suurem CIA operatsioon on avalikustatud (*Prantsuse presidendifivalimiste sahkerdamine => Kuuba*)
- Mõrvakatsed jätkuvad (*füsioloogiline tehnika, mis ei jäta jälgit*)
- Serveriliiklus (*juhuslikult*) takistatud, e-kirjad blokeeritakse
- Pean kerjama tänavatel, et saada raha sõõmiseks / magamiseks. Viimase 4 päeva jooksul jagasin 170 infovoldikut (peamiselt) kodanikele Varssavis. Kinnitused sõjalise / politsei piinamise ja sabotaazi kohta, et varjata oma parasitismi / ebakompetentsust / kaasatus massimõrvadesse (*Giffords Kongressi vahejuhtum, jne*)
- Prantsuse sõjapolitsei (*French military police*) jälle hoiatas, et politseinikud, kes “töötavad” Rue de Vaugirard (Pariis) jaamas, on kaasatud rahvusvahelisse terrorismi (k.a. *piinamised, vargused, mõrvakatsed, massimõrvad*). *Prantsuse dokumentatsioon (Juriidilised dokumendid - “sans papiers”) - Virginie Elaine Ruiz – 24. augustil 2000.a. toimunud Gulf Air lennuki “avarii” Bahraini lähetal.*
- Kohalikud pangad (*multirahvuslike korporatsioonide kontrolli all*) kaasatud sõjasse - ehitus/ massimõrvad/ mõrvad, pildid olemas.
- Seni ei ole ametlikku väljaannet, kelle satelliittehnoloogia on seega rakendatud. White House, *kolme haldusasutuste all*, on andnud märku oma positsionist.

Tahaksin korraldada kohtumist sõjalise missiooni liikmega rea mõrvade ja massimõrvade kohta, mis pandi toime mitmes riigis (sh Siiürria), ühine tegur mõlemal juhul on Prantsuse politsei ja Prantsuse sõjaväe mõju. Näiteid võib leida online (näiteks, <https://www.artimeconsulting.com/youtube.php>). Satelliittumarünnakud minu ajule paremäärmuslike rühmade poolt, kes püüavad luua politsei-politiilist organisatsiooni, mis oleks sarnane Sarkozy UMP-ga (Popularliikumise Liit). Paljud inimesed teavad, et Sarkozy on pettur; mul on konkreetseid üksikasju Prantsuse sõjaväe kaasamisest rünnakutesse Valgevene julgeoleku (ja kodanike) vastu sellises kontekstis.

Aitäh

Esindajaatele (Venemaa, Ukraina, Kasahstan, USA, Slovakkia, Saksamaa, Hispaania ja Itaalia) ja massimeediasse (Aafrika, Aasia, Ameerika, Euroopa riigid) saadetud e-kiri.

Allpool leiate peaaegu täieliku koopia kirjast, mis oli saadetud mitmele saatkonnale Poolas selleks, et saada tuge ja aidata luua ühendust Rahvusvahelise Kriminaalkohtu Prokuratuuriga, et uurida võimalusest anda kohtu alla Prantsuse paremäärmuslikku mõttekoda, kes vastutavad piinamiste, tsiviil-/inimõiguste rikkumise ja mitme hiljuti

sooritatud mõrva ja massimõrva eest.

Audio- ja videomaterjalid on saadaval online; mõelge palun sellele pühendatud artikli / ülevaate / programmi valmistamisele ja avalikkustamisele *võimalikult kiiresti*. Mõned suuremad meediaettevõtted on praegu palgatud selleks, et nüristada avalikkuse teadlikkust ja ennetada sõjalistel põhjustel võimalikud avaldused.

Ma ei esinda mingit MTÜ-t, riiklikku või sotsiaalset rühma või poliitilist parteid. Internetiliiklus on takistatud sellest ajast saati, kui see dokument läks kasutusse (*pildid thgutsevatest "aktivistidest"*); palun aktiveerige allkirjad/ theke pildid ekraanist.

24. juuni 2013.a. Suursaadikule

Edastasin selle sõnumi Teie riigi alalisele esindusele ÜRO's (*New York City and Geneva missions*):

Teema: ÜRO: ICC (Viide: OTP-CR-811/09/001) ja Euroopa Inimõiguste Kohus (avalduse nr 38967/09)

Kofi Annani nimetamise ajal Süüria erisaadikuks, ÜRO oli hoitatud tuumarelva/laserrelva kasutamisest piinamise ning mõrvade ja massimõrvade tarvis. Satelliit- (võimalik tuuma-)rünnakud ajule, minu varustuse ebaseaduslik häkkimine ja Internetiühenduse takistamine jätkuvad. Egiptuse saatkond oli hoitatud, et seda on teinud sama grupp, mis võttis alla 990 Egiptuse Air Flight lennukit 31. oktoobril, 1999. Uuendatud teavet võib alla laadida aadressilt:

Tänan,

Lakkamatud satelliitrünnakud minu ajule (ja muudele siseorganitele / kehaosadele) jätkuvad, magamine on raske, töö täiesti võimatu. Sellistes tingimustes ma olen iga päev

sunnitud kerjama tänavatel, et saada raha söömiseks / magamiseks, ja eelmisel nädalal osalesin kui väljapanija iga-aastasel Varssavi raamatumessil ("Vene Strateegiaõppe Instituut"); selgitusi vaadake palun siit:

Sellest sõltumatust projektist ja sellest tuleneva võimaliku vastasseisu tulemustest võib sõltuda paljude kodanike heaolu, kes on hi-tech paremäärmuslike paramilitaarsete rühmade otsesed ja kaudsed ohvrid...

Brutal satellite nuclear attacks on brain continue, images available.

Attached photos are examples of Estonian uniformed policemen's implication in extreme-right military operations, which include severe torture, thefts, international terrorism and sabotage (electronic warfare: equipment/communications); descriptions in each case procurable. Many more photographs at your disposal, some have already been made available to other authorities.

It might be a good idea to meet in person for details on US/ French involvement through the Secret Service/ CIA/ military and large (illegal) financial activities.

Irina Tedder or one of her female colleagues at the immigration board "happened to walk in front of me" after I had applied for an extension of my Estonian residence permit (and payed the ~98 Euros fee). It was followed by a group of extreme-right tourists (French - guided), which stated their "fear of me finding their whereabouts in case of possible retaliation".

Виктория Муони:

Я могу подписать заявления с помощью моего ноутбука но не знаю устроит ли вас это.

Коммунистическая Партия России (при Государственной Думе) принимала лично от меня донесения о террористических актах французских полуночных групп и самой армии. Поскольку Вы с Французскими государственными преступниками объединяете общие народские и финансовые интересы, я отправляю копию КПРФ и другим государственным учреждениям РФ.

Белый Дом уже был поставлен в известность.

Простите ошибки, плохо по русски говорю.

860 BHS: English school in Tallinn targeted/ used by uniformed Estonian policemen repeatedly. Identifying who coordinates these illegal military-embezzlement international operations should not take much either time or tax-payers' money. International organizations/ UN representations warned.

Second police van involved in biotechnology satellite torture by Estonian military personnel; concrete information might lead to whoever has ordered several assassinations in Syria, on a customer service basis. I don't know who has led these individuals into the belief that they have the right to commit acts of international terrorism and systematic violations of civil – human rights with impunity.

The Supreme Court of the United States and the American Civil Liberties Union have been repeatedly alerted; more photos of gangsters participating in satellite nuclear torture available (*taken as a team, some might have been targeting A. Davis for years*). On the evening of September 26th, 2013, while I read on the tram an add stating that from January 1st 2015 the chipping of pets will be required by law, my brain was attacked, causing a spasmodic muscular twitch of my left shoulder (photos taken, it is happening even now, as I type). Earlier on the 26th, a right-wing female teenager walked by, pulled a tuning fork (acoustic resonator used to adjust musical instruments) from her purse, sarcastically warning me of torture by Estonian policemen, through satellite hits on eardrums.

Buenas:

La primera advertencia que les envié sobre la presencia de espías en La Habana la repito, por si acaso:

1. *Russian - Georgian 2008 war - Estonian President fraud
(parliamentary system - New Jersey/ Swedbank mafia) - Syria
(Maher al Assad, Photo#1 - prison massacre in 2008, video posted
on youtube.com). Videos and photos available, which prove CIA
penetration in Syria, Cuba and the USSR - Russia (through the
military and financial institutions).*
*After Gaddafi's assassination, a look alike of Zenaida was seen in
Stockman's (inTallinn), i can prove Mossad implication in this
operation (extreme-right Russian-speaking wealthy individuals, both
men and women, sometimes forming couples).*
*Photo#2, taken two days ago, depicts one of the Russian - speaking
CIA (Cornell University) spies using illegal biosatellite technology
to brutally attack the brain (while reading thoughts) and internal
organs. Other acts of international terrorism (mass murders),
possibly being the real cause of the "Arab Spring" (Tunisian
embassy in The Hague) were committed by this gang.
(Address: Lealtad o Campanario y Figuras. Zenaida was an
elementary school teacher.)*
2. *1976 Cuban de Aviacion bombing - WTC / Pentagon attacks on
Sept 11th, 2001. Sarkozy's 2007 presidential fraud. Extremely
aggressive zionists. (name "Cruz"; Foreign Affairs Committee of the
State Duma (Russia) received full names).*
3. *French spies in the Cuban military (My 19 o Ny 17, woman from
Chekoslovakia - Madeleine Albright - impeachment of President
William Clinton). Concrete names and addresses in Paris, France
available. Essentially centered on property questions and the role of
the Church in protecting organized crime.*

§§§§§§§§§§§§§§§§§§§§§§§§

*1 - 2 - 3 exclude members of an apparently more advanced (better
technologically / financially - supported) coexisting group (maybe*

*the same one in some cases/ later times), which is also involved in several mass murders and high - profile **imperialist** assassinations. They will be disclosed in next emails.*

Intentos de fabricar un gobierno colonial militar en Cuba por grupos paramilitares franceses desde Tallin continúan, la policía polaca ha sido alertada. Hay al menos tres bancos “Estonos” utilizados por israelitas - judíos franceses (SEB, Swedbank y Nordea), además de instituciones financieras, que luchan por circunvenir el sistema jurídico cubano mediante el fomento de inversiones extranjeras, ataques a la moneda nacional y manipulación de su cambio contra divisas internacionales / oro.

Durante la presidencia de Dmitry Medvedev especialmente (y la invasión de Libia por NATO), agentes de extrema derecha en Tallin utilizaron a dobles del entonces ministro de defensa Ruso Serdukov:

- Doble 1: Enfocando embajadas de Cuba; ejemplos: embajada de Cuba en Paris – D. Davis (*University of South Florida – familias fabricadas – Fisiología – “E.T.A.” (Euskadi ta Askatasuna) – el fraude presidencial de Nicolas Sarkozy*) y J. Hubbard, profesor de Matemáticas de Cornell University. En ambos casos hay pruebas documentales (obras de la Agencia de Seguridad (de blancos) Nacional).
- Doble 2: Preparación de invasión por militares y policías franceses (asalariados del presupuesto nacional de Francia) además de policías estonos. Fotos disponibles.

Riesgo personal debido a ataques constantes al cerebro (nucleares – espaciales) y bloqueo casi total de comunicaciones – interferencia de equipos, que impiden el funcionamiento normal de mi compañía.

No hay mención ni del racismo, que es bastante evidente (“Sorry, we have only white policemen in Estonia” – algunos chistosos adolescentes han sugerido), ni de ataques sistemáticos con microondas (*que pueden producir hemorragia interna*), ni de la participación de policías estonos uniformados en tortura biotecnológica (documentada en ocasiones).

Un programa concreto y corriente del ejercito americano – francés en Estonia, que utilizó a estudiantes cubanos en Leningrado, ha sido descubierto. Sus implicaciones pueden incluir la manufactura de un incidente político, como el asesinato de un embajador norteamericano, para comenzar una invasión (*tengo información exacta*)

Es importante señalar que un militar Sirio (Coronel), uno de los encargados de la defensa de Aleppo contra ataques del ejercito leal a Bashar al Assad, parece estar implicado en el esquema Serdukov – Medvedev y en eventos en países de Europa (1999 – 2003), relacionados con la guerra de Chechnya durante 1999 – 2000 y Dresde, Alemania. La operación puede incluir mencionados bancos “estonos”; un empleado de la embajada Rusa en Talin (*coche diplomático número CD 2842*), sabe de lo que escribo, fotos disponibles.

Con su respuesta, la fiscalía ha reafirmado su apoyo a grupos internacionales de derecha - Mossad (*vinculados a Chicago, Illinois*) que operan en Estonia desde finales de los 80.

Tähtajalise elamisloa pikendamise taotlus¹

Lugupeetud härra Pedroso

Teie poolt 26.07.2013 esitatud tähtajalise elamisloa taotlus on Politsei- ja Piirivalveametis (edaspidi PPA) registreeritud ja menetlusse võetud numbriga 1025694694 (edaspidi taotlus).

PPA 27.07.2011 otsusega nr 1019324514/TE anti Teile tähtajaline elamisluba töötamiseks ettevõtte juhtorgani liikmena OÜ-sse Artme Consulting kehtivusega kuni 26.07.2013.

VMS § 128 kohaselt võib tähtajalist elamisluba pikendada, kui elamisloa pikendamise tingimused on täidetud ega esine elamisloa pikendamisest keeldumise alust. VMS § 129 lõike 1 kohaselt peavad tähtajalise elamisloa pikendamise nõuded olema täidetud mis tahes alusel tähtajalise elamisloa pikendamiseks. VMS § 131 lg 1 sätestab, et tähtajalise elamisloa pikendamisest keeldumise alustena kohaldatakse tähtajalise elamisloa andmisest keeldumise aluseid.

PPA on Teie tähtajalise elamisloa pikendamise taotluse läbi vaadanud ja lähtudes menetluse käigus kogutud andmetest leiab PPA, et Teie taotluses esinevad elamisloa pikendamisest keeldumise alused.

- 1. VMS § 123 punkti 2 kohaselt keeldutakse tähtajalise elamisloa andmisest, kui välismaalane ei vasta tähtajalise elamisloa andmisse tingimustele.**

VMS § 117 lg 1 p 3 sätestab, et tähtajalise elamisloa andmise üldtingimusena peab välismaalasel olema piisav legaalne sissetulek, mis võimaldaks tema ja ta perekonnaliikmete toimetuleku Eestis. VMS § 178 lg 4 sätestab, et tähtajalise elamisloa töötamiseks andmisse korral peab välismaalase töötasu võimaldama tema ja tema pereliikmete toimetuleku Eestis.

Maksu- ja Tolliameti andmetel ei ole Te elamisloa kehtivuse ajal kordagi töötasu saanud. Seega ei vasta Te tähtajalise elamisloa pikendamise tingimustele, kuna ei ole saanud töötamise eest tasu kogu elamisloa kehtivuse ajal.

VMS § 120 lõike 1 kohaselt peab välismaalasel tähtajalise elamisloa andmise üldtingimuseks oleva kindlustuskaitse nõude täitmiseks ravikindlustusleping, mis tagaks välismaalase haigusest või vigastusest tingitud ravikulude tasumise samas ulatuses ravikindlustatud isikuga taotletava elamisloa kehtivusaja jooksul. Sama seaduse lõike 2 kohaselt ei pea välismaalasel olema seaduses sätestatud kindlustuslepingut, mis tagaks tema haigusest või vigastusest tingitud ravikulude tasumise, kui ta on ravikindlustuse seaduse kohaselt kohustusliku ravikindlustusega kindlustatud isik, või välislepingus sätestatud juhul.

PPA andmetel ei oma Te Eesti Haigekassa kindlustust ega esitanud mõne muu kindlustuseltsi ravikindlustuse poliisi. Seega ei vasta Te tähtajalise elamisloa pikendamise tingimustele, kuna ei ole omanud nõutekohast ravikindlustust kogu elamisloa kehtivuse ajal.

2. VMS § 123 punkti 3 kohaselt keeldutakse välismaalasele tähtajalise elamisloa andmisest kui tähtajalise elamisloa taotlus ei ole põhjendatud.

Teile on antud tähtajaline elamisluba töötamiseks OÜ Artme Consulting juhatuse liikmena, ettevõtte juhtimis- või järelevalvefunktsiooni täitmiseks. OÜ Artme Consulting on äriregistris reegistreeritud 06.05.2011, põhitegevuseks on raamatute müük internetis. Äriregistrile ja PPA-le esitatud majandusaasta aruannete ning Maksu- ja Tolliametile esitatud käibedeklaratsioonide alusel ettevõttes müügitegevust ei toimu, Maksu- ja Tolliameti andmetel palgatöötajaid ei ole, samas ka maksuvõlgnevusi ei ole.

PPA on seisukohal, et Teil ei ole vaja omada Eesti elamisluba juhatuse liikme ülesannete täitmiseks vaid Teil on võimalik kasuta viisavabadust, et täita juhatuse liikme ülesandeid ettevõttes. Eesti elamisluba antakse ja pikendatakse Eestis püsivaks elamiseks ja töötamiseks, mitte lihtsamaks reisimiseks.

Lähtuvalt eeltoodust, on PPA seisukohal, et Teie elamisloa pikendamine töötamiseks juhatuse liikmena ei ole põhjendatud.

3. VMS § 189¹ lõike 5 kohaselt tähtajalise elamisloa töötamiseks, mis antakse eraõigusliku juriidilise isiku juhtimis- või järelevalvefunktsiooni täitmise eesmärgil, andmisest või pikendamisest võib keelduda või elamisloa kehtetuks tunnistada, kui välismaalase või eraõigusliku juriidilise isiku senine tegevus ei ole vastavuses töötamiseks antava tähtajalise elamisloa eesmärgiga.

PPA andmetel ei ole Te saanud OÜ-st Artme Consulting tasu kogu elamisloa kehtivuse ajal. Seega on PPA-l alust arvata, et Teie tegelik tähtajalise elamisloa omamise soov ei ole seotud ettevõtte juhtorgani liikmena töötamisega.

Eeltoodust tulenevalt leiab PPA, et Teile tuleb keelduda tähtajalise elamisloa pikendamisest VMS § 123 punkti 2 ja 3 ja § 189¹ lõike 5 ja alusel.

Teil on õigus hiljemalt 20.09.2013 esitada keeldumise aluseks olevate asjaolude kohta oma arvamus ja vastuväited PPA kodakondsus- ja migratsiooniosakonna staatuse määratlemisebüroo välismaalastetalitusele aadressil Pärnu mnt 139, 15060 Tallinn.

Juhul kui Te ei esita oma arvamust ja vastuväiteid määratud tähtajaks, keeldub PPA Teile tähtajalise elamisloa pikendamisest olemasolevate andmete alusel.

VMS § 34 lõike 1 kohaselt võib haldusorgan menetlustähtaega pikendada, kui menetluses tähtsus omavate asjaolude väljaselgitamine või töendite kogumine ei ole võimalik sätestatud menetlustähtaaja jooksul. Eeltoodust tulenevalt on Teie taotluse menetlustähtaega pikendatud kuni 24.10.2013.

Thank you for listening to my arguments this morning.

Next, you both will receive from "artime@cosmictroops.com" a series of emails sent to/ written from the Office of the Prosecutor.

As I said, literally hundreds of pages documenting international crimes (terrorism, assassinations, mass murders, huge financial thefts, and so on), some implicating Estonian policemen and military personnel, are available and at your disposal.

It has been extreme difficult to work throughout two years of nonstop sabotage, thefts, torture, obstruction of communications, illegal wiretapping/ bugging of electronic equipment and biotechnology attacks on brain and internal organs.

Contracts with Estonian and foreign companies (printing, points of sale and distributors) have already been signed.

Attorneys in several countries and embassies/ United Nations Permanent Representations have and will probably get involved, should this situation be taken to an international court.

TÄHTAJALISE ELAMISLOA PIKENDAMISEST KEELDUMISE OTSUS NR 15.3-3/651-1

08.11.2013

Tallinn

Politsei- ja Piirivalveameti kodakondsus- ja migratsiooniosakonna staatuse määratlemise büroo välismaalastetalituse juhataja Liis Valk talle antud volituste alusel

võttes aluseks:

Mario Alfredo Pedroso

Sündinud: 21.01.1969

Kontaktaadress: pk 3089 Tallinna Peapostkontor 10504 TALLINN

Elukoht Eestis: Mere tee 17 Saviranna küla Jõelähtme vald, 74122 HARJUMAA

Tähtajalise elamisloa pikendamise taotluse nr 1025694694

otsustas:

keelduda Mario Alfredo Pedroso'le tähtajalise elamisloa pikendamisest.

Asjaolud ja menetluse käik:

1. Mario Alfredo Pedroso (edaspidi ka taotleja) on sündinud 21.01.1969 Kuubal ning ta on USA kodanik.
2. Politsei- ja Piirivalveameti 27.07.2011.2011 otsusega on Mario Alfredo Pedroso'le antud tähtajaline elamisluba töötamiseks Artime Consulting OÜ (registreerimise nr 12103099) juhtorgani liikmena kehtivusega alates 27.07.2011 kuni 26.07.2013.
3. 26.07.2013 esitas Mario Alfredo Pedroso Politsei- ja Piirivalveametile tähtajalise elamisloa pikendamise taotluse töötamiseks kuni 01.09.2013 kehtinud välismaalaste seaduse (edaspidi välismaalaste seadus) § 181 lõike 2 punkti 2 alusel Artime Consulting OÜ (edaspidi ka ettevõte) juhtorgani liikmena. Taotluse juurde on taotleja lisanud 05.03.2013 sõlmitud kokkulekke Artime Consulting OÜ ja Leedu ettevõtte vahel ning 21.04.2013 sõlmitud kokkulekke Artime Consulting OÜ ja Poola ettevõtte vahel.
4. Välismaalaste seaduse § 121 lõike 1 kohaselt on välismaalane kohustatud registreerima elukoha rahvastikuregistri seaduses ettenähtud korras ühe kuu jooksul elamisloa alusel Eestisse saabumise päevast arvates. Sama §-i lõike 2 kohaselt peab välismaalasel olema registreeritud elukoht kogu elamisloa kehtivusaja vältel. Välismaalaste seaduse § 220 lõike 2 kohaselt kui välismaalase Eesti elukoha andmed ei ole kantud rahvastikuregistrisse, antakse välismaalasele tähtaeg elukoha andmete rahvastikuregistrisse kandmiseks. Elukoha andmete rahvastikuregistrisse kandmata jätmisel jäetakse tähtajalise elamisloa pikendamise taotlus läbi vaatamata. Rahvastikuregistri andmetel ei ole taotleja elamisloa kehtivusajal oma elukohta regstreerinud. Arvestades taotlejast tulenevat olukorda (Mario Alfredo Pedroso esitas taotluse 26.07.2013 ja tema elamisluba lõppes samal päeval), võttis Politsei- ja Piirivalveamet taotleja taotluse menetlusse olgugi, et elukoha regstreerimise nõue oli täitmata. Erandi tegemisel arvestas Politsei- ja Piirivalveamet ka asjaolu, et taotlejal on Eestis tegelik elukoht olemas, mis asub Mere tee 17 Saviranna külas Jõelähtme vallas.

5. Politsei- ja Piirivalveamet vaatas taotleja tähtajalise elamisloa pikendamise taotluse läbi ja asus seisukohale, et taotlejale tuleb keelduda tähtajalise elamisloa pikendamisest välismaalaste seaduse § 123 punktide 2 ja 3 ning § 189¹ punkti 5 kohaselt.

Politsei- ja Piirivalveamet teavitas taotlejat tähtajalise elamisloa pikendamisest keeldumise aluseks olevatest asjaoludest 12.09.2013 kirjaga nr 15.3-10/151889. Keeldumise algatamist põhjendati asjaoludega, et taotlejale ei ole elamisloa kehtivuse ajal juhatuse liikme tasu ega töötasu makstud; taotleja ei oma Eesti Haigekassa ravikindlustust ega ole esitanud ka mõne muu kindlustusseltsi ravikindlustust töendavat dokumenti; ettevõttes majandustegevust ei toimu ja puuduvad palgatöötajad. Politsei- ja Piirivalveamet andis Mario Alfredo Pedroso'le võimaluse esitada talle tähtajalise elamisloa pikendamisest keeldumise aluseks olevate asjaolude kohta oma arvamus ja vastuväited hiljemalt 20.09.2013. Taotlejat teavitati, et kui ta ei vasta määratud tähtajaks, keeldub Politsei- ja Piirivalveamet talle tähtajalise elamisloa pikendamisest. Taotluse menetlustähtaega pikendati kuni 24.10.2013. Taotleja sai nimetatud kirja kätte 18.09.2013.

20.09.2013 vestles taotleja Politsei- ja Piirivalveameti ametnikuga. Taotleja väitis, et Eesti politsei ja sõjavägi kasutab ära tema patendiga kaitstud intellektuaalset vara ja jälitab taotlejat. Taotleja selgitas, et tal on töendeid Eesti politsei ja sõjaväe massimõrvade sooritamise ja inimeste piinamise kohta. Vastavad töendid on taotleja edastanud juba prokuratuuri menetlemiseks, kuid vastust ei ole ta veel saanud. Taotleja ei ole saanud elamisloa kehtivusaja jooksul juhatuse liikme ülesandeid täita, kuna politsei on taotlejat taga kiusanud. Taotleja väitis, et ta on abi saamiseks ühendust võtnud erinevate organisatsioonidega. Taotleja lisas, et juhul kui Politsei- ja Piirivalveamet keeldub talle elamisloa pikendamisest, siis tulevad sellele tōsised tagajärjed ja taotleja võtab kasutusele teised meetmed. Samal päeval saatis taotleja elektronpostiga ka lisaselgituse, mis ei ole suures osas seotud käesoleva taotluse menetlemisega. Ainsana saab arvestada selgitust, mille kohaselt taotlejal oli äärmiselt raske töötada kahe aasta jooksul pideva saboteerimise, targuste, piinamiste, kommunikatsiooni takistamise tõttu, illegaalse jälgimisseade paigaldamisega taotleja aju ja siseorganitesse. Taotleja lisab ka, et tema ettevõte on sõlminud välismaiste ettevõtetega lepinguid, mis on ka juba alla kirjutatud aga nimetatud lepinguid taotleja Politsei- ja Piirivalveametile ei esitanud. Lisaks telefonivestlusele esitas Mario Alfredo Pedroso 20.09.2013 Politsei- ja Piirivalveametile elektronpostiga oma 13.09.2013 avalduse Põhja Ringkonnaprokuratuurile. Politsei- ja Piirivalveamet palus 23.09.2013 Põhja Ringkonnaprokuratuuri käest antud kirjavahetuse kohta selgitust ja sai 27.09.2013 vastuse, et Põhja Ringkonnaprokuratuur ei ole Mario Alfredo Pedroso 13.09.2013 esitatud avalduse alusel menetlust alustanud.

Politsei- ja Piirivalveameti 11.10.2013 elektronkirjaga teavitati Mario Alfredo Pedroso't tema elamisloa taotluse menetlustähtaaja pikendamisest kuni 08.11.2013. Ühtlasi saatis Politsei- ja Piirivalveamet elektronkirja Aigi Kivinukk'ile (sünd 01.06.1981), et ta täpsustaks Politsei- ja Piirivalveametile esitatud taotleja elukohta töendava dokumendi asjaolusid. 13.10.2013 kinnitas Aigi Kivinukk elektronkirjaga, et Mario Alfredo Pedroso elukoht on olnud alates 20.06.2012 tema elukohas Roopa 10-2, Tallinn ja alates augustist 2013 peale kinnisvara omandanist Mere tee 17 Saviranna külas Jõelähtme vallas.

6. Politsei- ja Piirivalveamet hindas kõiki asjaolusid kogumis ning otsustas keelduda Mario Alfredo Pedroso'le tähtajalise elamisloa pikendamisest välismaalaste seaduse § 123 punktide 2 ja 3 ning § 189¹ punkti 5 kohaselt.

Õiguslikud põhjendused:

7. Välismaalaste seaduse § 118 punkti 4 kohaselt võib välismaalaasele anda tähtajalise elamisloa töötamiseks. Sama seaduse § 128 kohaselt võib tähtajalist elamisluba pikendada, kui elamisloa pikendamise tingimused on täidetud ega esine elamisloa pikendamisest keeldumise alust.

Välismaalaste seaduse § 129 lõike 1 kohaselt peavad tähtajalise elamisloa pikendamise nõuded olema täidetud mistahes alusel tähtajalise elamisloa pikendamiseks. Välismaalaste seaduse § 131 lõige 1 sätestab, et tähtajalise elamisloa pikendamisest keeldumise alustena kohaldatakse tähtajalise elamisloa andmisest keeldumise aluseid, kui välismaalaste seadus ei säesta teisiti.

8. Politsei- ja Piirivalveameti 27.07.2011 otsusega on Mario Alfredo Pedroso'le antud tähtajaline elamisluba töötamiseks sellel ajal kehitinud välismaalaaste seaduse § 181 lõike 1 punkt 8 alusel. Nimetatud säte reguleeris välismaalaasele tähtajalise elamisloa andmist töötamiseks. Sellise aluse mõte oli anda võimalus Eestisse elama asuda välismaalasel, kes asuks siin tööle ja saaks töötasu. Nii antigi Mario Alfredo Pedroso'le tähtajaline elamisluba töötamiseks Artime Consulting OÜ juhtorgani liikmena. Sellise elamisloa andmine oli Politsei- ja Piirivalveameti kaalutlusotsus ja äritegevusega tegelemine ei oleks andnud taotlejale automaatselt alust nõuda elamisloa saamist.

9. Välismaalaste seaduse § 123 punkti 2 kohaselt tähtajalise elamisloa andmisest keeldutakse, kui välismaalane ei vasta tähtajalise elamisloa andmisse tingimustele.

Välismaalaste seaduse § 117 lõige 1 punkt 3 sätestab, et tähtajalise elamisloa andmise üldtingimusena peab välismaalasel olema piisav legaalne sissetulek, mis võimaldaks välismaalaase ja tema perekonnaliikmete toimetuleku Eestis. Sama seaduse § 178 lõige 4 sätestab, et tähtajalise elamisloa töötamiseks andmise korral peab välismaalase töötasu võimaldama tema toimetuleku Eestis. Taotleja omab tähtajalist elamisluba ettevõtte juhatuse liikmena OÜ-sse Artime Consulting alates 27.07.2011 kuni 26.07.2013. Maksu-ja Tolliameti andmetel ei ole taotlejale elamisloa kehtivuse ajal töötasu ega juhatuse liikme tasu nimetatud ettevõttest makstud. Lähtuvalt eeltoodust ei vasta taotleja tähtajalise elamisloa töötamiseks pikendamise tingimustele.

Välismaalaste seaduse § 117 lõige 1 punkt 4 sätestab, et tähtajalise elamisloa andmise üldtingimusena peab välismaalasel olema kindlustuskaitse välismaalaase haigusest või vigastusest tingitud ravikulude katmiseks. Välismaalaste seaduse § 120 lõike 1 kohaselt peab välismaalasel tähtajalise elamisloa andmise üldtingimuseks oleva kindlustuskaitse nõude täitmiseks ravikindlustusleping, mis tagaks välismaalaase haigusest või vigastusest tingitud ravikulude tasumise samas ulatuses ravikindlustatud isikuga taotletava elamisloa kehtivusaja jooksul. Sama §-i lõike 2 kohaselt ei pea välismaalasel olema seaduses sätestatud kindlustuslepingut, mis tagaks tema haigusest või vigastusest tingitud ravikulude tasumise, kui ta on ravikindlustuse seaduse kohaselt kohustusliku ravikindlustusega kindlustatud isik, või välislepingus sätestatud juhul. Politsei- ja Piirivalveameti andmetel ei ole taotleja elamisloa kehtivusajal omanud Eesti Haigekassa ravikindlustust ega ole esitanud ka mõne muu kindlustusseltsi ravikindlustust töendavat dokumenti. Seega ei vasta taotleja tähtajalise elamisloa töötamiseks pikendamise tingimustele.

Politsei- ja Piirivalveamet peab vajalikuks märkida, et tähtajalise elamisloa andmisel töötamiseks eeldatakse, et välismaalane asub Eestisse tööle ning tema tööandja tasub tema eest sotsiaalmaksu, mis garanteerib isikule ravikindlustatuse Eesti Haigekassas.

Kuna taotlejale ei makstud elamisloa kehtivusajal töötasu ja taotlejal puudus ravikindlustus, siis ei vasta taotleja elamisloa pikendamise tingimustele ning Politsei- ja Piirivalveametil on kohustus keelduda taotlejale elamisloa pikendamisest.

Sarnasele seisukohale on jõudnud ka Tallinna Halduskohus, kes on oma 01.06.2012 otsuses haldusasjas nr 3-12-550 leidnud, et kui elamisluba antakse isikule töötamiseks, siis reaalselt Eestis töötaja või juhatuse liikme igapäevaste ülesannete täitmiseks. Kohtu hinnangul saaks sellist töötamist töendada eelkõige just töötasu (palga või juhatuse liikme tasu) saamine. Olukorras, kus sellist tasu isikule makstud ei ole, ei saa töötamist eeldada. Kohus on samuti leidnud, et kuni 01.07.2012 kehtinud välismaalaste seaduse § 181 lõike 1 punkti 8 kohaselt ei nõuta isikult küll, et talle makstava töötasu suurus vastaks välismaalaste seaduse §-s 107 sätestatule, ent sellele vaatamata on äraelamist tagava piisava sissetuleku saamine samuti elamisloa andmise aluseks olevaks asjaoluks.

10. Välismaalaste seaduse § 123 punkti 3 kohaselt tähtajalise elamisloa andmisest keeldutakse, kui tähtajalise elamisloa taotlus ei ole põhjendatud.

Mario Alfredo Pedroso'le on antud tähtajaline elamisluba töötamiseks Artime Consulting OÜ juhtorgani liikmena kehtivusega alates 27.07.2011 kuni 26.07.2013 ettevõtte juhtimis- või järelevalvefunktsiooni täitmiseks. Artime Consulting OÜ on äriregistris registreeritud 06.05.2011, ettevõtte põhitegevuseks on raamatute müük internetis. Äriregistriile ja Politsei- ja Piirivalveametile esitatud majandusaasta aruannete ning Maksu- ja Tolliametile esitatud käibedeklaratsioonide alusel ettevõttes majandustegevust ei toimu, Maksu- ja Tolliameti andmetel palgatöötajaid ei ole. Taotleja on 20.09.2013 telefonivestluses selgitanud, et ta ei ole saanud elamisloa kehtivusaja jooksul juhatuse liikme ülesandeid täita, kuna politsei on teda tagakiusanud. Ühtegi dokumenti taotleja selle asjaolu kinnitamiseks esitanud ei ole. Elamisluba töötamiseks juhatuse liikmena antakse ja pikendatakse ettevõttes püsivaks elamiseks ja töötamiseks. Lähtuvalt eeltoodust on Politsei- ja Piirivalveamet seisukohal, et elamisloa pikendamine töötamiseks juhatuse liikmena ettevõttesse Artime Consulting OÜ ei ole põhjendatud.

11. Välismaalaste seaduse § 189¹ punkti 5 kohaselt võib tähtajalise elamisloa pikendamisest eraõigusliku juriidilise isiku juhtimis- või järelevalvefunktsiooni täitmise eesmärgil keelduda kui välismaalase senine tegevus ei ole vastavuses töötamiseks antava tähtajalise elamisloa eesmärgiga.

Politsei- ja Piirivalveameti andmetel ei ole taotleja kogu elamisloa kehtivuse ajal töötasu ega juhatuse liikme tasu ettevõtest OÜ-st Artime Consulting saanud. Seega on Politsei- ja Piirivalveametil alust arvata, et taotleja tegelik tähtajalise elamisloa omamise soov ei ole seotud ettevõtte juhtorgani liikmena töötamisega Eestis ja on alust arvata, et taotleja senine tegevus ei ole vastavuses töötamiseks antava tähtajalise elamisloa eesmärgiga.

12. Politsei- ja Piirivalveamet peab vajalikuks märkida, et elamisloa taatluse menetlemisel on arvestatud asjaoluga, et Mario Alfredo Pedroso näol ei ole tegemist pikaajalise sisserändajaga Euroopa Nõukogu ministrite komitee 13.09.2000 soovituse Rec (2000) 15 mõistes, kuna Mario Alfredo Pedroso on omanud tähtajalist elamisluba ainult 2 aastat (alates 27.07.2011 kuni 26.07.2013).

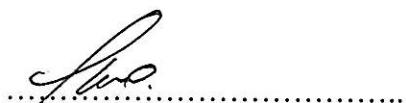

Mario Alfredo Pedroso tähtajalise elamisloa pikendamise taatluse menetlemisel ei ole tuvastatud, et isikul oleksid sellised eraelulised või perekondlikud sidemed Eestiga, mis takistaksid elamisloa pikendamisest keeldumist. Tähtajalise elamisloa pikendamisest keeldumine ei riiva oluliselt Mario Alfredo Pedroso põhiõigusi. Rahvusvahelise õiguse põhimõtete kohaselt on riigil õigus otsustada välismaalase riiki sisenemise, tema sealviibimise ja riigid väljasaatmise üle. Välismaalasel ei ole põhiseaduslikku õigust saada või pikendada Eestis elamisluba. Tähtajalise elamisloa pikendamisest keeldumisega ei võeta Mario Alfredo Pedroso'lt võimalust taotleda tähtajalist elamisluba Eestis teisel alusel või teise tööandja juurde, samuti täita oma juhtorgani liikme kohustusi Eestis

viisavabaduse alusel kuni kuus kuud aasta jooksul välismaalaste seaduse § 105 lõike 3 alusel. Mario Alfredo Pedroso'1 ei ole subjektiivset õigust saada elamisluba Eestis.

13. Lähtudes eeltoodust ja võttes aluseks välismaalaste seaduse § 123 punktid 2 ja 3 ning § 189¹ punkti 5 ning juhindudes sama seaduse § 16 ja § 211, keeldub Politsei- ja Piirivalveamet Mario Alfredo Pedroso'le tähtajalise elamisloa pikendamisest.

Otsuse vaidlustamine:

14. Välismaalaste seaduse § 222 kohaselt on otsuse peale õigus esitada vaie Politsei- ja Piirivalveametile või kaebus Tallinna Halduskohtule 10 päeva jooksul otsuse teatavaks tegemise päevast arvates.

(otsuse teinud ametniku allkiri)

Teadmiseks: Arttime Consulting OÜ, Väike-Karja 9-7, 10140 Tallinn

Decision: Refuse to extend a temporary residence permit to Mario Alfredo Pedroso.

Contestation of decision: According to § 222 section 1 of the Aliens Act it is possible to challenge the decision not to extend a residence permit either to the Police and Border Guard Board or to submit a notice of appeal to the Tallinn Administrative Court within 10 days from the notification of the decision.

These gangsters are interfering my laptop as I write; their colleagues attacking with satellite laser/ nuclear? rays the left side of my brain. It is taking place at the Savoy Boutique Hotel, just about 100 meters from your building, where the ambience music is systematically used to steal and harass. One of the hotel staffers, with whom I once had dinner before the NATO invasion of Libya (*if I remember correctly*) might have been connected with a South African paramilitary group (*time-stamped photo available*):

Estonian uniformed military personnel (*the man with the Air MacBook is illegally hacking my laptop and repeatedly “coughing”*) have continued to harass me. Below example occurred on November 8, 2013 at around 16:52 hours in the underground passage linking SEB Bank’s building with Freedom Square (*where I had previously been targeted by a Turkish – German – NATO paramilitary team, which might have put some chemical in the food I ate to cause diarrhea*):

The Google translation reads:

"Your application and accompanying materials available do not allow to determine criminal proceedings, or the failure to commence. Although the Criminal Code does not notice the contents of a crime and formal requirement, you will not get any investigative agency or prosecutor in a written statement read automatically kuriteotateks. application must describe clearly the case with any criminal offense, which does not appear on your statement. If you want to start a criminal proceeding, you must submit a corresponding application prosecuting or investigative agency. The statement must clearly identify the nature of the crime has been committed, therefore, must be described as accurately as possible the circumstances of a crime. Only such an application it is possible to determine criminal proceedings over."

I will next reveal IN DETAIL covert military operations and nonstop torture committed by your military under the guidance of French gangsters. If you do not understand what I just typed you should tell me immediately.

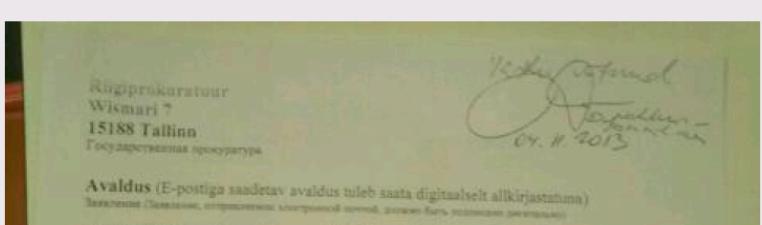

Several assassinations have been committed from Estonian territory (people have also been killed in Estonia) by mentioned criminals. You do not take into consideration that I am subject to nonstop satellite attacks on brain/internal organs, my equipment sabotaged real time (even shut down as I work), my incoming/outgoing communications blocked, etc.; neither you seem to be willing to help me materially.

Violations by Estonian policemen continue. Links to signed petitions and signed receipt by the Prosecutor's Office.
Jewish military gangsters and policemen carry on illegally scanning and attacking brain, even inside the Prosecutor's Office, while I was entering/ signing the official complaint (recording conversation - flickering ceiling lights - walking by).
In the coming days severe problems are expected from the state - mafia; this morning satellite nuclear attacks on brain were particularly harsh (before the meeting).

Photographs available, today again Estonian uniformed policemen and Estonian uniformed military participated; the latter were involved in Syrian civil war activism (obviously a French military financial operation). Attached photo English -speaking woman was part of the scam, which took place inside a RIMI supermarket.

They evince atrocious lack of moral values, there might not even be an Estonian Military Police.

This evening, "by accident", a "Frenchman from Paris happened to walk by", as the jewish satellite had locked on my brain (they continue eavesdropping on street conversations and interrupting them by satellite brain attacks). Several police cars again participated in harassment and sabotage; military implication is obvious (attached image).

When are you going to intervene? Whoever is coordinating described ongoing satellite operation is doing his/her best to cover up French state terrorism (including crimes committed in Syria).

It is the same team implicated in terrorism on Syrian territory from Tallinn. One of their agents met on the streets this evening (attached image), he agreed to let me stay in his apartment and now it turned out it is a set up. They use the technique of buzzing the skull with an ultra high frequency satellite signal, attacking brain (direct laser/ nuclear hits and interference of brain waves with mobile phone signals), flickering ceiling lights and symbolic internal decoration (attached photo) as they film the rooms; several partaking neighbours can be overheard, possibly Americans.

The police actively participates in biotechnology torture, thefts, sabotage and extreme-right military operations. You need to hit them and hit them hard. It is obvious that Cubans involved in Guantanamo base activities (pro american navy and supported by french agents currently living in sankt petersburg) take part in described brutal torture. Such American military "clients" (some are ex Cuban USSR students) remain untouched by the Russian justice system and there is no Russian military police as of today, as you probably know.

French jewish bandits are filming the room of a Catholic church parish where i spent the night and brutally scanning and attacking brain with satellite nuclear weapons. Ceiling lights flickering, ultra- high frequency signal used; its skull resonance dramatically increases when clenching the teeth (tightening jaw muscles). It seems the state gangsters are trying to cause a coma (continuation of Yasser Arafat operation).

Again uniformed policemen participating in biotechnology torture. When will you hit them with a missile? Photos available: supranational protection of foreign investments in Cuba. It is not a joke, it might be a New Jersey- New York financial team.

While i was being brutally attacked by satellite on streets last night, a Frenchman from Marseille and his wife "happened to walk by with their baby", i stayed overnight in their apartment (subject to torture).

He "acquiesced" to French role in the "Arab spring". In the morning, extreme -right group connected with NATO continued filming streets/ public places and hitting my brain with laser/ nuclear signals. Attached photo is a police van involved in the operation, civilians are not only confirming, they seem to be organizing resistance against state mafia banditry. It is not difficult to find out who is ransacking the budget and coordinating illegal space sabotage such as this one.

The two men reflected on the mirror were interfering my mp4 player as the satellite was scanning and attacking my brain (and their colleagues, obviously implicated in NATO operations, were talking on my mp4 repeating: "coma", "kill me", etc.).

On streets civilians confirmed that the two pieces of trash are military agents. When are you going to intervene?

I warn you again: this is not a game; the Jewish mafia is trying to cause a coma.

It is absolutely obvious that Virginie Ruiz and her "family" are implicated. Attached photos are two tellers who participate in the illegal French military operation and an extreme right agent, who yesterday hacked the bank's online services. The bank was informed, they have chosen to ignore the denunciation and fabricate bureaucratic problems instead ("terrorism prevention").

You need to intervene with any necessary means, fascism and mafia are out of control; paramilitary groups seem to be preparing mass murders.

La judia en la foto y su compañero de piso estan implicados en tortura por satelite (en realidad es un grupo de extrema derecha conectado con NATO).

Son muy peligrosos y descarados. El nuncio apostolico en Vilnius estaba anteriormente trabajando en La Habana, segun lo que comento uno de ellos (quien posiblemente usa un sistema espacial que incluye armas nucleares y de laser).

Transmita esta informacion directamente al ministro de relaciones exteriores. Va a haber un problema serio.

They use a very high frequency satellite signal to buzz the skull and eardrums, the latter are also "burst". It is the same group organizing mass murders in Syria; it can easily be proven.

There were confirmations this morning that it is Virginie Ruiz's team and the police station on Rue de Vaugirard (Paris).

For instance, also this morning, several Jews (inside a moving bus and at a bus stop) took part in real-time satellite brain-locking torture (attached image); there is no doubt they are stealing millions of tax payers' money and use large international banks for embezzlement and financial scams, which are conceived as Israeli security (a factor in the militarization of the US society/ economy).

Cuba and its relations with the US (let us fabricate a french police - like force on the island for the benefit of the mafia) seems to be a strong motivation for those using described satellite system.

Military obviously implicated, in fact two uniformed officers took part in this French satellite - coordinated operation (inside Novotel) this morning.

These gangsters arrive almost wherever i am and start interfering my equipment, sabotaging my work and "conversing": doing their best to provoke a scandal and then have their police intervene (attached images).

On streets my brain is "locked", which results in biotechnology hits that cause local pain, articulation (knees, for example) clamping, nonstop thought reading, torture by attacks to brain sectors, etc.

A missile attack against this trash is justified. You should really intervene.

The two scumbags came in, sat next to me, and started "talking to each other", as their colleagues NONSTOP interfere my laptop, emails to lawyers and torture on top of the ambience music.

There is no doubt it is a French operation. On streets jews openly attacking as they walk by, in connection with the inauguration of the Pope (supported by constant biosatellite attacks).

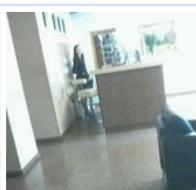

There is no solution against this state - mafia cultural trash.

Attached photo is an example of individuals implicated in biosatellite torture while i begged for money on streets last night. There is no doubt the French military participates (Virginie Ruiz).

Sleeping is very difficult due to attacks on brain (which take place also while i write this message in Vilnius's Novotel, Swedish ambassador's car parked outside and used by Jewish agents such as women in attached image).

All communications intercepted (including with American attorneys). I describe a selective assassination and mass murders, in which military "doctors" take part, with the local roofing of uniformed policemen.

Uniformed policemen participate, EMC Co Israeli bandits caught on camera targeting the local Syrian embassy (possibly involved in ordering killings in Syria).

From the start, French military biotechnology sabotage/ torture has been documented with photos; some individuals implied:

"So, you have proofs, you are going to a psychiatric hospital."

"So, you want to prove something, we will increase the level of violations, using space weapons."

Etc.

Very large amount of money used yesterday at the branch office of a "German" bank to hint at the Russian Ministry of Foreign Affairs (Kremlin's implication in French mafia Jewish "security" operations).

Such attacks are designed to kill. You must use any means to stop this trash.

In their impudence they do not hide their intention to stop the resignation of a politician, whom they have financed.

Attached photos are all individuals participating in described illegal biotechnology operation.

Inside photographed cafe, the team is coordinated by military gangsters who interfere (talk on) my mobile phone mp4 nonstop. Brain scanning is also ceaseless, hostel staffers and guests participate.

Some police "activists" said yesterday:

Working is impossible, all communications intercepted, emails just don't arrive to their destination.

Scanning of, and attacks on brain are severe and nonstop. Attached images are example of French - coordinated extreme- right bandits in Warsaw.

You need to stop them using absolutely any means! Some seem to operate under the mossad umbrella.

Uniformed policemen's activism:

Recorded conversation took place in a private phone company. Two male "customers" participated (photos attached) and are possibly involved in yesterday's bombing in central Damascus (Syria). Jew terrorism is out of control. Satellite is continuously scanning and attacking my brain, Cornell university professors implicated.

This morning they stole my mobile credit (the reason i had to go to the clients' center); last night they severely tortured me by attacking my head.

Just a few minutes ago a jewess, who claimed to be a support engineer for Microsoft and to have just returned from a training session in Bucharest, participated (she hinted at the CIA). Satellite signal strongly buzzing skull and eardrums. Brain scanning and attacks on brain sectors are constant and strong.

Attached image are French paramilitary agents, who participated in mentioned late-night street activism. There is no doubt: the operation is run by the French military FROM PARIS, and it comprises right-wing officers of the Russian military.

I ask you again to hit this garbage with a missile, other photos available.

Artime Consulting OU

Right-wing paramilitary groups, including high-ranking officers of several armed forces, sabotage Artime Consulting. Server statistics, Internet traffic and databases have been hacked, photos of implicated individuals available. The owner endures 7/7, 24/24 brain scanning and satellite laser/nuclear attacks since 2007, mainly by French policemen (Rue de Vaugirard Station) and French military personnel, in connection with the fraud that brought Sarkozy to the presidency, the NATO invasion of Libya (biotechnology implemented against Hugo Chavez and Muammar Gaddafi) and nuclear weapons (in a broader sense).

All communications interfered. Part of torturing consists in scanning my brain (thought reading) and talking on mp4 nonstop (male - female low -tone voices) as I listen to classical music.

Among repeated comments:

"kill yourself", "coma", "ok you got us lets have a war", "paranoia", etc.

Attached image is an example of public transport harassment (very possibly coordinated from a local foreign embassy).

Sleeping is very difficult, not to mention working. There is no doubt that scumbags at the police station on Rue de Vaugirard (Paris) participate. I am not joking: hit the state- mafia trash with a missile!

There is no doubt these bandits are being supported by high officers of the French military (assassinations and mass murders). The police does not intervene, private security agents participating.

Regular policemen and public transport controller participated ("yes, we are protecting French international terrorists, what are you gonna do about it?"); attached image.

In public places my brain is scanned and attacked. The two men in second photo are illegally wired and out -of - context saying words, which i read on the cafe menu (satellite following my eyes). Working is impossible, French hebrew mafiosi talk on my laptop, hit its hard disk, manipulate software, etc.

Company executives also take part, some comments they make:

"We need you to organize an invasion, so we torture you"

"Yes we killed a lot of civilians for oil but, if we do not get immunity, we will accuse you of espionage"

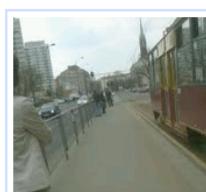

"Yes, maybe the police is stealing from you. Maybe."

I ask you again to hit this thieving trash with a missile!

Biotechnology torture also took place inside a bookshop, where the "ambience music" was implemented to attack the front teeth (nerves).

Throughout the day, different parts of my body were subject to pain caused probably by a satellite laser, in connection with experiments that French "doctors" carry out in Syria, and which include brutal assassinations and mass murders. Street military activism, of a similar nature to 2011 paramilitarism during the Libyan NATO campaign, also happened today.

Hola:

Grupos paramilitares de extrema derecha estan atacandome violentamente por satelite: el cerebro, organos internos, areas de tejido externo, etc. son "golpeados" por armas espaciales (al parecer de tipo nuclear / laser). Estoy seguro de que se trata de "medicos militares" franceses, quienes estan implicados en varios asesinatos en masa en Siria.

Por primera vez en diez años judios reconocen que los han cogido con las manos en la masa (y ahora el criminal soy yo por querer provocar una guerra con mi denuncia). Necesito confirmacion oficial de quien esta manejando estos satelites para presentar cargos.

Gracias,

1. He called my mobile while I was on the street- uniformed military entered Radisson Blue hotel (Tallinn)- Cuban Jews that currently live in Tampa, Florida with connections to private companies in Estonia (hence Norman Schwarzkopf) participated (Vladimir Putin team, there is absolutely no doubts)

...

4. Several tellers using illegal wires, conversations recorded, files can be sent to the FSB. Comments from tellers include: legal sue, problems, invasion, sterilization, other

5. I met a woman from Moscow in Tallinn (N) the night prior to the Victory Parade, who took me to her apartment (she was renting it for a few days). One of the paintings in the apartment was the SEB bank building

Attacks to the subconscious- building structure- tellers behavior during conversations (women)- Russians in Saint Petersburg targeted (Russian navy officers (Военного флота)).

When I walked out of N's apartment a policewoman harassing (attached photo), she had been called against me before when a drunken man on the street was goading me.

6. Costumers (not only bank tellers) implicated in paramilitary operations ... (use of nuclear weapons).

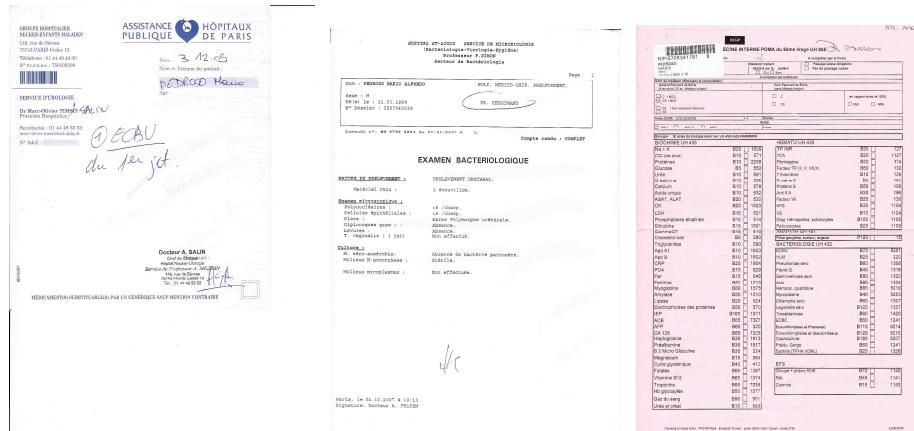

Sabotage operation is developing even as I write this email, my laptop interfered- bandits talking on top of Swiss hotel music.

In my opinion the FBI should be informed. American civilians have been killed by the international political- military Jewish platform (which is also investing on politicians).

June 17th, 2011:

Due to severe NONSTOP torture and attacks against my health I need urgent medical treatment but I have no money. The police and uniformed military personnel continue participating in sabotage and torture. Assassination attempts have already taken place.

Pulmonary, renal - testicular infections continue, despite very strong doses of antibiotics. Exams results in Paris hospitals were falsified or disappeared (for example spermoculture).

I have not had a brain/ (internal organs) scan that could show laser/ satellite attacks (tissue scars).

Even while I type the bandits are interfering my laptop and attacking brain - buzzing ears. I filmed Polish immigrants in Paris that participated in the operation to infect me. A female bank employee then suggested that in order to divert attention they can cause enough problems; Bratt Pitt or a look-alike implicated, photos and videos available.

June 30:

Jewish mafia torture and sabotage extremely severe; Estonian police and military are obviously implicated when not participating.

Attacks to the brain and internal organs take place even while I sleep. Brain scanning - laser hitting head and internal organs.

The hostel room filmed, bandits talking on top of the TV set and my laptop audio repeat:

coma!, embolia!, you are in prison!, and threaten with prison or torture if the denunciation continues.

Woman in below photograph is one of them, her colleagues were filming cafeteria and talking over local music (Cubans implicated).

Estonian Justice department targeted by the mafia, people near court premises involved in paramilitary operations (across from the embassy of Spain).

Skype calls interfered, when logging in female voice says:

bravo!- kill yourself!

During Skype conversations low frequency voices used; it could be impossible to record them on tape.

July 6th:

Hostel room filmed - brain and internal organs attacked nonstop (even while sleeping). One man muttered "schizophrenia" as I walked past the Russian embassy in Tallinn. Estonian policemen directly participating in torture.

Attached photo was taken while I was subject to attacks to brain and internal organs (as I type they are interfering my laptop (blocking keyboard) and talking on its audio) by satellite.

Together with the two policemen wearing helmets, a couple (Jewess making mouth grimaces as man was provoking me) hinting at illegal financing.

The operation apparently is being run from Tampa, Florida by General Norman Schwarzkopf's team (Bank of America military branch, Cubans implicated).

Possibly - underage Jewess implicated in assassination attempts (physiological behavior to cause embolism).

Who is going to arrest them?

July 8:

Jewish groups keep scanning and attacking brain, even while I sleep.

Some of the bandits were staying in adjacent rooms, one of them could be heard talking on the phone in the morning repeating:
torture.

It seems Russian embassy in Tallinn is implicated.

They attack internal organs such as spinal cord and testicles. Laser causing a burning sensation in eyeballs, face, toes, and other areas of the skin/ body.

As I type they interfere my laptop operating system- blocking its keyboard - talking on its audio; comments include:

scandal - coma!

On streets Uniformed Estonian policemen participate in mafia satellite - coordinated operations. TELE2 employees at costumers desk hinted that they are undercover policemen/ military agents (trying to gain consent to hack and interfere my laptop/ internet connection, THEY WILL NOT GET IT).

There seem to be more than just similarities between Estonia and South Africa:

P1521_07-07-11.jpg is another Jewish mafia (paramilitary) agent that illegally interferes internet and computers' operating systems. They actively take part in military operations, hence they are legitimate targets for military retaliation. Other Estonian companies are implicated in military sabotage and interference.

P1417_29-10-10.jpg are two individuals (notice young age) that were scanning and attacking my brain on the bus from Riga to Saint Petersburg. Brain scanning was targeting the Syrian embassy in Paris (Rue Vaneau), photographs and videos available.

Estonian uniformed military participated on that occasion also in torture (P1809_29-10-10.jpg). Recent youtube video of gruesome murders by uniformed Syrian military (planting evidence on dead bodies) are part of the operation.

I am informing other agencies and contacting lawyers.

July 29:

August 20:

Jew paramilitary teams (that are possibly using a military (navy) biotechnological satellite system) continue SEVERELY attacking brain, eardrums, testicles and other organs.

Estonian uniformed policemen are doing nothing to stop them, when not directly participating in torture and sabotage.

Below photos is a "couple" posing as tourists, who last night in a restaurant and today on streets were torturing (their colleagues filming public places and talking on top of local music - interfering my laptop operating system).

If when reading information in this website you suffer similar harassment and attacks,
PLEASE IMMEDIATELY INFORM FOREIGN EMBASSIES OF COUNTRIES
INVOLVED AND NATIONAL/INTERNATIONAL MEDIA.

This is another example of attacks to brain and activism by "tourists" (this morning):

August 28:

Attacks to the brain and internal organs continues NONSTOP (even as I wrote this text the bandits were talking on my laptop, threatening me with prison, attacking my brain and blocking the keyboard).

Below photo is another Russian-speaking woman participating in torture that uses the hostel room where I stay as a prison (supermarket Maxima, several security personnel and cashiers implicated, one of them this evening at 11:48 pm inside her parked-around-the-corner car).

Apparently a Russian satellite (CANAL 1 (первый канал)) is implemented, Russian military implication obvious.

Other photos available, some taken in same supermarket and proving that it is a biotechnological operation to cover up and possibly prepare mass murders. The link between the FSB, the Russian military and privately-owned "security" companies that operate in Estonia will be disclosed in detail.

Sept 1st:

Jewish groups - police continue attacking brain and internal organs NONSTOP. The operation seems to be (politically) coordinated from Paris (58 rue Charlot team, photographs available).

In the afternoon, while I was trying to sleep (previous night torture to brain continued), the bandits were scanning and attacking brain using a strong and very high frequency signal (head/ ears buzz).

Implication of uniformed Estonian policemen in torture (and Estonian military) once again proven, below photograph taken in front of Maxima supermarket (rue Tartu, August 28th photo):

policemen trying to awake- arrest a drunken man, making "noises" and twiddling fingers as I walked by. Another uniformed policeman around the corner "talking on the phone" and making "noises" as I passed by.

The Russian president is also involved in systematic (selective) torture and international terrorism, documented again later in the evening with photos (Paris groups walking by).
